Edition,2021-05-29 Our summary is short simple and pragmatic It allows you to have the essential ideas of a big book in less than 30 minutes As you read this summary you will discover how Henry Kissinger Nixon s Secretary of State and a respected adviser around the world was the instigator of numerous massacres kidnappings torture and other misdeeds of all kinds Christopher Hitchens an English author and journalist reveals the evidence to support how the eminent gray eminence of American presidents pulled the strings of unscrupulous diplomacy from 1968 to 1977 You will also discover that Henry Kissinger led diplomatic actions in support of several dictatorships responsible for large scale genocides The United States prioritized its national interest and Realpolitik in the resolution of conflicts in Indochina Bangladesh Cyprus and East Timor Henry Kissinger remains an indisputable specialist in so called two track secret diplomacy which he uses both to serve his

country and his own interests If applied international criminal law would bring about the downfall not only of the former Secretary of State but also of entire sections of the American executive branch in the 1970s It is a real charge against Kissinger backed up by excerpts from memoranda and telegrams that Christopher Hitchens is making So much so that with all the written evidence available and all that is yet to come it is incomprehensible that a Secretary of State of the world's greatest power could have carried out such actions with impunity Six cases have been sifted through those in which Kissinger holds significant responsibility and which have led many innocent people to their deaths in the name of reason of state Buy now the summary of this book for the modest price of a cup of coffee *Summary of Barbara W. Tuchman's The March of Folly* Everest Media,2022-03-24T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The pursuit by governments of policies that are contrary to their own interests is a phenomenon that has occurred throughout history Man makes a poorer performance of government than any other human activity 2 Government can be conducted for four types of reasons tyranny excessive ambition incompetence and perversity Perversity is when a policy is pursued that is contrary to the self interest of the state 3 The French Revolution great example of populist government reverted quickly to autocracy once it acquired an able administrator The revolutionary regimes of Jacobins and Directorate could manage their own followers enough to keep order but they could not collect taxes or install a competent administration 4 The classic case of wooden headedness was Plan 17 the French war plan of 1914 which concentrated on a French advance to the Rhine The assumption was that the Germans could not deploy enough manpower to extend their invasion around through western Belgium and the French coastal provinces *The Last Brahmin* Luke A.

Nichter,2020-09-22 The first biography of a man who was at the center of American foreign policy for a generation Few have ever enjoyed the degree of foreign policy influence and versatility that Henry Cabot Lodge Jr did in the postwar era perhaps only George Marshall Henry Kissinger and James Baker Lodge however had the distinction of wielding that influence under presidents of both parties For three decades he was at the center of American foreign policy serving as advisor to five presidents from Dwight Eisenhower to Gerald Ford and as ambassador to the United Nations Vietnam West Germany and the Vatican Lodge's political influence was immense He was the first person in 1943 to see Eisenhower as a potential president he entered Eisenhower in the 1952 New Hampshire primary without the candidate's knowledge crafted his political positions and managed his campaign As UN ambassador in the 1950s Lodge was effectively a second secretary of state In the 1960s he was called twice by John F Kennedy and by Lyndon Johnson to serve in the toughest position in the State Department's portfolio as ambassador to Vietnam In the 1970s he paved the way for permanent American ties with the Holy See Over his career beginning with his arrival in the U S Senate at age thirty four in 1937 when there were just seventeen Republican senators he did more than anyone else to transform the Republican Party from a regional isolationist party into the nation's dominant force in foreign policy a position it held from Eisenhower's time until the twenty first century In this book historian

Luke A Nicther gives us a compelling narrative of Lodge's extraordinary and consequential life. Lodge was among the last of the well heeled Eastern Establishment Republicans who put duty over partisanship and saw themselves as the hereditary captains of the American state. Unlike many who reach his position, Lodge took his secrets to the grave including some that were revealed here for the first time will force historians to rethink their understanding of America's involvement in the Vietnam War.

The Warren Commission and the FBI agreed that President John F. Kennedy was killed by a lone gunman, Lee Harvey Oswald. Fifteen years later the House Committee on Assassinations re-examined the evidence. They announced that he was not killed by a single gunman but probably murdered as the result of a conspiracy. This House Committee hesitated to speculate on who might have been involved in that conspiracy or why John F. Kennedy was killed in Dallas on November 22, 1963. In 1979, Michael Burke and former congressman Harold Ryan were asked to continue that investigation. This historical novel will take the reader back to that time. Burke and Ryan will peel back the passage of time and the layers of secrecy and denial to reveal the reasons so many elites were determined to stop the Kennedy agenda.

Stone has generated enormous controversy and debate among those who take issue with his dramatic use of history. This book brings Stone face to face with some of his most thoughtful critics and supporters and allows him room to respond to their views. Writers including David Halberstam, Stephen Ambrose, Arthur Schlesinger Jr., Walter LaFeber, and Robert Rosenstone critique Stone's most contested films to show how they may distort, amplify, or transcend the historical realities they appear to depict.

[Abandoning Vietnam](#) James H. Willbanks, 2004 Drawing upon both archival research and his own military experiences in Vietnam, Willbanks focuses on military operations from 1969 through 1975. He begins by analyzing the events that led to a change in U.S. strategy in 1969 and the subsequent initiation of Vietnamization. He then critiques the implementation of that policy and the combat performance of the South Vietnamese army ARVN which finally collapsed in 1975.
