Defending Life Defending Life

Catherine Glenn Foster, Steven Aden

Defending Life Defending Life:

Defending Life Francis J. Beckwith, 2007-08-13 *Defending Life* is the most comprehensive defense of the prolife position on abortion ever published. It is sophisticated but still accessible to the ordinary citizen. Without high pitched rhetoric or appeals to religion, the author offers a careful and respectful case for why the prolife view of human life is correct. He responds to the strongest prochoice arguments found in law, science, philosophy, politics, and the media. He explains and critiques *Roe v. Wade* and he explains why virtually all the popular prochoice arguments fail. There is simply nothing like this book.

Abortion Regret J. Shoshanna Ehrlich, Alesha E. Doan, 2019-02-15 An indispensable resource for students, scholars, and activists concerned about current attacks on abortion rights, this book offers an unmatched account of the emergence, consolidation, and consequences of the antiabortion movement's paternalistic abortion regret narrative. *Abortion Regret* explores the emergence and consolidation of the antiabortion movement's paternalistic efforts to protect women from abortion regret. It begins by examining the 19th century physician's campaign to criminalize abortion and traces the contours of the women's protective abortion regret narrative through to the 21st century. Based on interviews, textual analysis of primary sources, and a content analysis of state antiabortion policy from 2010-2015, the authors argue that the contemporary rise of the abortion regret narrative has armed the antiabortion movement with a unifying and compelling strategy to oppose abortion through a woman-centered approach. In addition to covering the historical origins of our nation's criminal abortion laws, the book covers topics that include the origins and growth of crisis pregnancy centers, including recent efforts to provide perinatal hospice services; an analysis of leading Supreme Court decisions on abortion; the emergence of the pro-woman, pro-life antiabortion platform, including its deeply religious roots; the infiltration of this position into the political and legal spheres in the guise of a secular rationale for limiting access to abortion; and an evidence-based rejoinder to the position that abortion harms women.

Defending Life 2020: Everyone Counts Catherine Glenn Foster, Steven Aden, 2019-12-15 Americans United for Life is proud to announce the release of our 15th edition of *Defending Life*, our premier annual publication. *Defending Life*, which has been called the pro-life playbook, is an important tool that combines more than 50 pieces of our model legislation, expert analysis, and 50 state report cards into a single, non-partisan guide to assist legislators across the nation in protecting human life from conception to natural death. *Defending Life* equips state lawmakers and thought leaders with strategic model legislation, expert analysis, 50 state report cards, and critical tools to transform pro-life principles into law, said Catherine Glenn Foster, President/CEO of Americans United for Life.

[Personhood](#) Mary Ziegler, 2025-04-22

The next phase of the war over reproduction in America: What's next for the battle over abortion? Mary Ziegler argues that simply undoing *Roe v. Wade* has never been the endpoint for the antiabortion movement. Since the 1960s, the larger goal has been to secure recognition of fetuses and embryos as persons under the Fourteenth Amendment of the U.S. Constitution.

step that the modern antiabortion movement argues would make liberal abortion laws unconstitutional Personhood chronicles the internal struggles and changing ideas about race sex religion war corporate rights and poverty that shaped the personhood struggle over half a century The book explores how Americans came to take for granted that fetal personhood requires criminalization and suggests that other ways of valuing both fetal life and women s equality might be possible Ziegler ultimately shows that the battle for personhood has long been about more than abortion it has aimed to overhaul the regulation of in vitro fertilization contraception and the behavior of pregnant women change the meaning of equality under the law and determine how courts decide which fundamental rights Americans enjoy This book is necessary reading for anyone seeking to understand the era launched by the reversal of Roe
