Degas Artists In Focus:

Degas Jean Sutherland Boggs, Edgar Degas, Art Institute of Chicago, 1996 The Art Institute of Chicago enjoys an almost unparalleled collection of works by Degas. Here a selection of highlights enables renowned art historian Jean Sutherland Boggs to survey his career and trace his lifelong exploration of motifs and ideas. Painter and draftsman, graphic artist and sculptor, creator of some of the finest pastels of his time, there is no area of the fine arts that he did not master. 60 illustrations, 40 in full color.

Degas Theodore Reff, 1976 More than any other artist in the Impressionist group, Degas was fascinated by ideas and consciously based his work on them. What I do is the result of reflection and study of the great masters he once confessed of inspiration, spontaneity, temperament. I know nothing. Yet his work has been understood very inadequately from that point of view. Publications on him once dominated by memoirs inspired by his remarkable personality are now concerned with cataloguing and studying limited aspects of his complex art. Its intellectual power and originality, which were evident to contemporary writers like Durany and Valery, have not been studied sufficiently by more recent critics. It is this side of Degas's art as seen in his ingenious pictorial strategies and technical innovations, his use of motifs like the window, the mirror and the picture within the picture, his invention of striking psychologically compelling compositions and his creation of a sculptural idiom at once formal and vernacular, that is the subject of these essays. Inevitably given the range of his intellectual interests, the essays are also concerned with his contacts with leading novelists and poets of his time and his efforts to illustrate or draw inspiration from their works. Throughout the author makes use of an important, largely unpublished source: the material in Degas's notebooks on which he has recently published a complete catalogue.

Edgar Degas Nathalia Brodskaya, Edgar Degas, 2023-12-28 Degas was closest to Renoir in the Impressionist's circle for both favoured the animated Parisian life of their day as a motif in their paintings. Degas did not attend Gleyre's studio, most likely he first met the future Impressionists at the Caf Guerbois. He started his apprenticeship in 1853 at the studio of Louis Ernest Barrias and, beginning in 1854, studied under Louis Lamothe, who revered Ingres above all others and transmitted his adoration for this master to Edgar Degas. Starting in 1854, Degas travelled frequently to Italy, first to Naples where he made the acquaintance of his numerous cousins and then to Rome and Florence where he copied tirelessly from the Old Masters. His drawings and sketches already revealed very clear preferences.

their audience *Modern Art* Pam Meecham, Julie Sheldon, 2005 Revised and restructured this second edition of Modern Art traces the historical and contemporary contexts for understanding modern art movements and the theories that influenced and attempted to explain them. Its radical approach foregoes the chronological approach to art movements in favour of looking at the ways in which art has been understood. The editors investigate the main developments in art interpretation and draw examples from a wide range of genres including painting, sculpture, photography, installation and performance art. This second edition has been fully updated to include many more examples of recent art practice as well as an expanded glossary and comprehensive marginal notes providing definitions of key terms. Extensively illustrated with a wide range of visual examples, *Modern Art* is the essential textbook for students of art history. *Edgar Degas Masterpieces of Art* Michael Robinson, 2016-11-22 French artist Edgar Degas was famous for his drawing, painting, sculpture and printmaking. Although a member of the Impressionists with Monet, Pissarro and Renoir, his work focused on indoor subjects, particularly his acutely observed pieces on ballerinas. His masterful studies of real life resonate still today and he remains one of the most popular painters in the world. This beautiful new book showcases all of his major works, including *Ballet Rehearsal*, *The Star* and *The Ballet Class*, with detailed captions and a long essay on life, art and influences. *Degas and the Dance*, 2015 Degas's rendering of movement in his images of ballet dancers in painting, pastel, print and sculpture is the subject of the focus exhibition *Degas and the Dance* at the Toledo Museum of Art, October 15, 2015-January 10, 2016, which brings together important loans from the Sterling and Francine Clark Art Institute, Williamstown, Massachusetts, the Museum of Fine Art, both in Washington, D.C. and the Musée d'Orsay, Paris, along with works from the Toledo Museum of Art's own collection. Essays in this companion catalogue place Degas's images of the ballet in the context of the artist's overall philosophy of art and the social milieu of the Paris Opéra Ballet and offer the perspective of a choreographer inspired to create a ballet based on Degas's work. *The Private Collection of Edgar Degas* Ann Dumas, Metropolitan Museum of Art (New York, N.Y.), 1997 This volume investigates Degas's dual role as both artist and collector. Featuring works by well-known artists like Delacroix, Ingres, Daumier, Manet, Cézanne, Gauguin, Van Gogh, Cassatt, and others, this publication is the definitive text outlining Degas's long career, collecting important pieces by his predecessors as well as his contemporaries.
