Deification And Grace Introductions To Catholic Doctrine:

Deification and Grace Daniel A. Keating, 2007 The doctrine of deification came under challenge during the Reformation Likewise Orthodox Christians have sometimes charged that Roman Catholic teachings on deification lack coherence

Divinization Andrew Hofer OP, 2015-09-15 Divinization Becoming Icons of Christ through the Liturgy explains the startling claim so often overlooked that God transforms the Christian people through the Church's liturgy to share in his divine nature This resource serves as an excellent introduction to the Catholic theology of divinization through the Liturgy This remarkable work forms a coherent introduction to how God makes the faithful in the pews partakers in his divine nature through the action of the liturgy

Irenaeus, Joseph Smith, and God-Making Heresy Adam J. Powell, 2015-10-30 Irenaeus Joseph Smith and God Making Heresy seeks both to demonstrate the salience of heresy as a tool for analyzing instances of religious conflict far beyond the borders of traditional historical theology and to illuminate the apparent affinity for deification exhibited by some persecuted religious movements To these ends the book argues for a sociologically informed redefinition of heresy as religiously motivated opposition and applies the resulting concept to the historical cases of second century Christians and nineteenth century Mormons Ultimately Irenaeus Joseph Smith and God Making Heresy is a careful application of the comparative method to two new religious movements highlighting the social processes at work in their early doctrinal developments

Christification Jordan Cooper, 2014-07-18 The doctrine of theosis has enjoyed a recent resurgence among varied theological traditions across the realms of historical dogmatic and exegetical theology In Christification A Lutheran Approach to Theosis Jordan Cooper evaluates this teaching from a Lutheran perspective He examines the teachings of the church fathers the New Testament and the Lutheran Confessional tradition in conversation with recent scholarship on theosis Cooper proposes that the participationist soteriology of the early fathers expressed in terms of theosis is compatible with Luther's doctrine of forensic justification The historic Lutheran tradition Scripture and the patristic sources do not limit soteriological discussions to legal terminology but instead offer a multifaceted doctrine of salvation that encapsulates both participatory and forensic motifs This is compared and contrasted with the development of the doctrine of deification in the Eastern tradition arising from the thought of Pseudo Dionysius Cooper argues that the doctrine of the earliest fathers such as Irenaeus Athanasius and Justin is primarily a Christological and economic reality defined as Christification This model of theosis is placed in contradistinction to later Neoplatonic forms of deification

Ephesians Peter S. Williamson, Mary Healy, 2009-12 In this third volume of the Catholic Commentary on Sacred Scripture CCSS Peter Williamson interprets Ephesians for pastoral ministers and lay readers alike This volume like each in the series relates Scripture to life is faithfully Catholic and is supplemented by features designed to help readers understand the Bible more deeply and use it more effectively in teaching preaching evangelization and other forms of ministry

Come and See Edward Rommen, 2013-07-18 An Eastern Orthodox Perspective on Contextualization The mission of the Church is to

introduce the person of Christ to individual human beings who by faith enter into communion with God This does not involve adapting information to a particular context but rather establishing the context prescribed by God for the presence of Christ wherever we happen to be among the peoples of the world Contextualization then creates a new invitational core context which is host to the presence of the divine person This is defined with the help of the gifts of ecclesial Tradition which enables conditions that facilitate communion and which thus helps us engage the world **The Catholic Periodical and Literature Index** ,2008 **Book Review Index - 2009 Cumulation** Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year **The Theology of Grace and the Oecumenical Movement** Charles Moeller,Gérard Philips (Mgr.),1961 **The Harvard Theological Review** ,1922

Filled with all the Fullness of God Thomas McDermott, OP,2013-09-12 Filled with All the Fullness of God looks at the truths of Christian faith which pertain to spiritual growth and the lived theologies or spiritualities which have derived from them McDermott discusses here a variety of issues human self knowledge our understanding of God our partaking in the divine nature of God and the importance of prayer He also emphasizes the importance of personal spiritual growth and argues that we should see Christianity not as a matter of just getting to heaven but as a way of participating in the divine life here and now through deifying grace in the sphere of the Church prayer and the Eucharist McDermott illustrates his argument with a variety of sources Scripture the Church Fathers Thomas Aquinas Catherine of Siena the Catechism of the Catholic Church and contemporary spiritual writers **Mirrors of Celestial Grace** Harold L. Weatherby,1994 Much has been written about Spenser s theological allegory and its sources but until now no one has suggested sustained patristic influence Harold Weatherby argues that taking patristic theology as a measure for certain episodes in The Faerie Queene affords more convincing evidence than the familiar usually Protestant references He shows that sixteenth century editions of the works of the principal Fathers were available to Spenser and that in addition there appeared to be considerable interest in the Fathers at Spenser s college Pembroke With the additional evidence of the poem itself Weatherby introduces the theory that patristic theology affected the poet s understanding of Christianity To demonstrate the author examines seven allegorical episodes in The Faerie Queene each of which has had extensive previous interpretive attention quite different from the approach taken here He looks closely at the dragon fight and the figure of St George the subsequent nuptial celebration with Una and Red Crosse the role of Belphebe as an emblem of temperance as the Fathers conceive temperance Guyon s descent into Mammon s cave Guyon s encounter with Mordant Amavia and Ruddymane and his futile effort to

cleanse the child's hands Arthur's defeat of Maleger and the presentation of Dame Nature In each of these episodes patristic thought is seen to have significantly shaped the allegory The epilogue suggests how patristic thought influenced Spenser's presentation of eros in Books III and IV introducing a new hypothesis about these books and about Spenser's conception of chastity BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature* John McClintock, James Strong, 1881 **Cyclopædia of Biblical, Theological, and Ecclesiastical Literature** John McClintock, 1894 **Coptic Church Review**, 2000 *Mysticism and Ecumenism* Robley Edward Whitson, 1966 **The Light of Christ** Thomas Joseph White, 2017-09-15 The Light of Christ provides an accessible presentation of Catholicism that is grounded in traditional theology but engaged with a host of contemporary questions or objections Inspired by the theologies of Irenaeus Thomas Aquinas and John Henry Newman and rooted in a post Vatican II context Fr Thomas Joseph White presents major doctrines of the Christian religion in a way that is comprehensible for non specialists knowledge of God the mystery of the Trinity the Incarnation and the atonement the sacraments and the moral life eschatology and prayer At the same time The Light of Christ also addresses topics such as evolution the modern historical study of Jesus and the Bible and objections to Catholic moral teaching Touching on the concerns of contemporary readers Fr White examines questions such as whether Christianity is compatible with the findings of the modern sciences do historical Jesus studies disrupt or confirm the teaching of the faith and does history confirm the antiquity of Catholic claims This book serves as an excellent introduction for young professionals with no specialized background in theology who are interested in learning more about Catholicism or as an introduction to Catholic theology It will also serve as a helpful text for theology courses in a university context As Fr White states in the book's introduction This is a book that offers itself as a companion I do not presume to argue the reader into the truths of the Catholic faith though I will make arguments My goal is to make explicit in a few broad strokes the shape of Catholicism I hope to outline its inherent intelligibility or form as a mystery that is at once visible and invisible ancient and contemporary mystical and reasonable
