

Delia Garratt

Jennifer Linhart Wood

Delia Garratt:

Shakespeare's House Richard Schoch, 2023-11-16 A page turning story Times Literary Supplement Eye opening Michael Billington A detailed and highly compelling story that involves so much more than bricks and mortar The Stratford Herald In the wide realm of Shakespeare worship the house in Stratford upon Avon where William Shakespeare was born in 1564 known colloquially as the Birthplace remains the chief shrine It s not as romantic as Anne Hathaway s thatched cottage it s not where he wrote any of his plays and there s nothing inside the house that once belonged to Shakespeare himself So why for centuries have people kept turning up on the doorstep Richard Schoch answers that question by examining the history of the Birthplace and by exploring how its changing fortunes over four centuries perfectly mirror the changing attitudes toward Shakespeare himself Based on original research in the archives of the Shakespeare Birthplace Trust in Stratford upon Avon and the Folger Shakespeare Library in Washington DC and featuring two black and white illustrated plate sections which draw on the wide array of material available at the Folger Shakespeare Library and the Victoria and Albert Museum this book traces the history of Shakespeare s birthplace over four centuries Beginning in the 1560s when Shakespeare was born there it ends in the 1890s when the house was rescued from private purchase and turned into the Shakespeare monument that it remains today

Dynamic Matter Jennifer Linhart Wood, 2022-05-03 *Dynamic Matter* investigates the life histories of Renaissance objects Eschewing the critical tendency to study how objects relate to human needs and desires this work foregrounds the objects themselves demonstrating their potential to transform their environments as they travel across time and space Integrating early modern material theories with recent critical approaches in Actor Network Theory and object oriented ontology this volume extends Aristotle s theory of *dynamis* which conceptualizes matter as potentiality and applies it to objects featured in early modern texts such as Edmund Spenser s *The Faerie Queene* Robert Hooke s *Micrographia* and William Shakespeare s *The Tempest* Individual chapters explore the *dynamis* of matter by examining its manifestations in particular forms combs are inscribed with words and brushed through human hair feathers are incorporated into garments and artwork Prince Rupert s glasswork drops explode a whale becomes animated by the power of a magical bracelet and books are drowned These case studies highlight the potentiality matter itself possesses and that which it activates in other matter A theorization of objects grounded in Renaissance materialist thought *Dynamic Matter* examines the richness of things themselves the larger multiple and changing networks in which things circulate and the networks created by these transformative objects In addition to the editor the contributors to this volume include Anna Riehl Bertolet Erika Mary Boeckeler Naomi Howell Emily E F Philbrick Josie Schoel Maria Shmygol Edward McLean Test Abbie Weinberg and Sarah F Williams

Ibss: Anthropology: 2003 Compiled by the British Library of Political and Economic Science, 2004-12 First published in 1952 the *International Bibliography of the Social Sciences* anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences

worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French *The Routledge Handbook of Material Culture in Early Modern Europe* Catherine Richardson,Tara Hamling,David Gaimster,2016-09-13 The Routledge Handbook of Material Culture in Early Modern Europe marks the arrival of early modern material culture studies as a vibrant fully established field of multi disciplinary research The volume provides a rounded accessible collection of work on the nature and significance of materiality in early modern Europe a term that embraces a vast range of objects as well as addressing a wide variety of human interactions with their physical environments This stimulating view of materiality is distinctive in asking questions about the whole material world as a context for lived experience and the book considers material interactions at all social levels There are 27 chapters by leading experts as well as 13 feature object studies to highlight specific items that have survived from this period defined broadly as c 1500 c 1800 These contributions explore the things people acquired owned treasured displayed and discarded the spaces in which people used and thought about things the social relationships which cluster around goods between producers vendors and consumers of various kinds and the way knowledge travels around those circuits of connection The content also engages with wider issues such as the relationship between public and private life the changing connections between the sacred and the profane or the effects of gender and social status upon lived experience Constructed as an accessible wide ranging guide to research practice the book describes and represents the methods which have been developed within various disciplines for analysing pre modern material culture It comprises four sections which open up the approaches of various disciplines to non specialists Definitions disciplines new directions Contexts and categories Object studies and Material culture in action This volume addresses the need for sustained coherent comment on the state breadth and potential of this lively new field including the work of historians art historians museum curators archaeologists social scientists and literary scholars It consolidates and communicates recent developments and considers how we might take forward a multi disciplinary research agenda for the study of material culture in periods before the mass production of goods **Memorials to the Naval Ranks and Ratings of the Empire who Fell in the Great War and Have No Other Grave Than the Sea ...** Great Britain.
