Singh, John Davidson, 2015-01-10 Grandma s Frugal Meals Easy tips techniques and old time dishes for healthy eating Table of Contents Introduction Grandma s Tips for Food Substitutions How to Make Perfect Yogurt Meat Choosing the right meat To Buy Storing Meat Baked Meat Patties Meat patty Variations How to Cure Your Own Hams Other Food Found Outdoors Rhubarb Jelly Sassafras Jelly Dandelion Greens Luncheon Corn Making Traditional Cornpone Corn Cakes Vegetables How to Store Vegetables Preparing Vegetables for Cooking Steaming Vegetables Meat Cooking Frozen Vegetables Cooking Canned Vegetables How to Prepare Salads Tossed Salads Cole Slaw Coleslaw Dressing What Is Salad Dressing Potato Salad Potato Salad Dressing Traditional Mayonnaise Conclusion Author Bio Publisher Introduction Knowing what to cook was as important as knowing how to cook for grandma She also learned how to make the best of whatever was in front of her from her grandmother and so on for centuries Millenniums ago her ancestors when gathering in the woods for herbs and vegetables while the menfolk of the family trapped and hunted for meat game and anything else edible and delicious It was then grandma s many times great grandmother s job to make all these ingredients into something delicious and healthy as well as palatable and nourishing So she used her instinct and her creativity to make delicacies with the ingredients available at hand Although science fiction already has stories about scientists making complete little nutritional packages in the shape of pills that are going to take the shape of food in the coming centuries we are very fortunate that we do not have to face that sort of blandness in our meals today We still have the good fortune of going to the nearest market or the nearest organic garden and collecting fresh greens as well as herbs We have plenty of fresh meat at hand And best of all we have all the ingredients to make good wholesome food We only hope judging by the pleasure most of us get from eating the preparation cooking and serving of this nutritious food is going to be a human activity which is going to be around for a long time But most of us cannot afford to have some of the more exotic ingredients of which we dream Either they are not available to us in our city Or perhaps they are beyond our budget Unfortunately for a large percentage of people all over the world budget constraints are the reason why they have to make do with makeshift meals instead of eating what nature intended for them good wholesome natural ingredients Grandma was a frugal person She lived in a time when the dollars earned by grandpa had to be stretched in such a manner that the whole family could be fed and fed well Times changed and times of prosperity came along and the eating habits of the whole family changed Instead of two or three healthy meals in a day there was food aplenty and the whole family could now afford to eat whatever they wanted whenever they wanted and in large quantities This naturally gave rise to problems including obesity Also by not regulating the meal intake as well as the quality of the meals the quality of the general health of grandma s children deteriorated as time went by However the circle

of financial constraints has gone and come around again and the time for tightening belts and looking at our budgets has become the top priority A majority of us all over the world again are looking for ways and means in which we can get the proper nutrition in the form of proteins vitamins minerals and energy which our bodies required to keep functioning in a healthy manner Grandma's Easy to Use Tips In the Kitchen and Outdoors John Davidson, 2013-05-15 Grandma's Easy to Use Tips In the Kitchen and Outdoors Volume 7 Table of Contents Introduction How To Fix Things In The Kitchen Kitchen Tips Getting Rid Of Onion Fumes Chewing Gum Chilling bottles Really Quickly Wooden Cloth Hanger And Magazine Rack Muffin Tray As Sauce Server Making Pasta Primavera superfast Cake Fallen Apart Forgot to Defrost The Butter All Right All Right the Soup Has Boiled over Over Salted Soup Mushy Vegetables Very Bland Dish Ran Out Of Bread Crumbs Jelly Turned Watery Emergency culinary Doctoring Items Instant Soup Gravy making When to Put in Spices Perpetual and Permanent Icepack Using Drinking Straws Effectively Reheating Leftovers in the Microwave Burnt Pies Too Spicy Main Dish Keeping Your Wine Cool Getting Rid of Wasps Getting Rid of Bottle Labels Sunburned Regulating Your Diet Resharpener Your Scissors Health Getting Rid of Pimples Chemical Reaction of Metals to Skin Bronchitis Radish Cure Herbal Tea for Colds Tooth Ache Cure For Those Suffering from Arthritis Get Rid of Chiggers Curing Tonsillitis Getting Rid of Vertigo or Migraine Preventing Burning Fat Spills In the Garden Get Rid of Aphids Sowing Small Seeds Uniformly Protecting Your Grape Crop from Birds Naphthalene Balls Remedy Getting Rid of Ants Basil and Mint Leaves Lavender Ant Repulser Stick Destroying an Ant Nest Mosquito Bites Tobacco Remedy Soda Bicarbonate Mint Toothpaste for Mosquito Bites Getting Rid of Cellulite Lemon Almond Oil Cream Olive Oil Cider Vinegar Lotion What Is Sisal You May Ask Ivy Leaves for Getting Rid of Cellulite Conclusion Author Bio Introduction Grandma was not only a good household manager taking care of her large family on a limited budget but she also needed to be a good cook and housekeeper That is why she used her experience and knowledge to make sure that she learned all the easiest shortcuts which would prevent her from throwing away items which were damaged including clothes food and other items around the house and garden Consider this damage control done by grandma Grandma was the first recycler Dresses were handed down from child to child and if there was no child of that particular age and that dress size it was handed over to another member of the family where the dress could be utilized through more years of wear and tear After the dress was torn to nearly rags and tatters she used the cloth for stuffing cushions and pillows or for patching other dresses This may sound extremely laughable to our world where there is plenty and we can throw away or just give away things when we think they are getting old but these were the ways in which household managers the females were brought up in the East and the West down the centuries Waste not want not was their motto So enjoy reading through these collected damage control tips and techniques which are going to help you keep healthy fit your house pest free and other techniques all brought to you down the ages and time tested Let us start with the kitchen The maximum number of accident sickness at home and the kitchen somehow seems to be the gunpoint Culinary mishaps
