## **Deliverance From Another Place:**

**The Book of Hiding** Timothy K. Beal,2002-01-04 The Book of Hiding offers a fluent and erudite analysis of the parallels between the Bible and contemporary discussions of gender ethnicity and social ambiguity Beal focuses particularly on the traditionally marginalised book of Esther in order to examine closely the categories of self and other in relation to religion sexism nationalism and the ever looming legacies and future possibilities of annihilation Beal applies the critical tools of contemporary theorists such as Cixous Irigaray and Levinas challenging widely held assumptions about the moral and life affirming message of Scripture and even about the presence of God in the book of Esther The Book of Hiding draws together a variety of different perspectives and disciplines creating a unique space for dialogue raising new questions and reconsidering old assumptions which is profoundly interesting and well articulated

**Esther** Peter H. W. Lau,2018-09-30

Set in Persia the book of Esther seems to show little interest in the temple the Promised Land prayer or other signs of the Israelite religion Most peculiarly for a book of the Bible there is no explicit mention of God Yet there are many similarities with the setting of Esther and situations in Asia today which open ways for God to speak into present realities This commentary examines the book of Esther in its original context and considers how to interpret and apply it in light of the rest of Scripture both the Old Testament and the New The Asia Bible Commentary Series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible
