## **Global Pentecostal and Charismatic Healing**

Candy Gunther Brown, 2011 Divine healing is an essential marker of the global phenomenon of Pentecostal and Charismatic Christianity But although we know that healing is central in these movements we know surprisingly little about how divine healing beliefs and practices reflect the interplay of local and global patterns of cultural development The essays in this collection seek to discover what is the same and what is different about such beliefs and practices in diverse contexts trace formal and informal lines of cultural influence across geographic and national boundaries and ask how healing both reflects and contributes to larger processes of globalization The collection not only fleshes out a picture of how and why spiritual healing is practiced in diverse cultural contexts and how healing practices reflect and shape the transnational spread of Christianity it also provide insight into the nature of globalization The authors attend to a wide range of issues including the theological rationales for divine healing the symbolic objects and ritual enactments employed

the cultural controversies surrounding these practices the relationship between Christian healing and local or indigenous healing traditions whether an emphasis on financial prosperity is always present and the extent to which Pentecostal and Charismatic churches are networked and the role of healing in such networks With nearly all new essays this informative volume edited by Candy Gunther Brown contains a forward by Harvey Cox and contributions from an international team of sixteen professors academics and scholars    **Breaking Free** Tom Hauser,2012-04-17 Meeting your deepest needs Learn how you can successfully operate a prayer ministry by confronting demonic strongholds and delivering oppressed people in Jesus name What happens when a nuclear engineer who grew up viewing and working the world through the lens of logic is confronted with the supernatural power of God that healed his daughter of an incurable disease This remarkable event led author Tom Hauser to surrender his life to Jesus and to ultimately pursue a life in ministry His experiences as a Vineyard pastor and short term missionary with Randy Clark s Global Awakening ministry have equipped him in a deliverance ministry that has set many captives free from suffering abuse bondage and demonic strongholds Therefore if the Son makes you free you shall be free indeed John 8 36 Healing and deliverance are part of the price your Savior paid for you it s time to walk in the fullness and authority He has given all His children Breaking Free shares real life modern day testimonies and sound biblical teaching about effective prayer ministry It is a detailed training book that includes easy to understand and apply principles and a detailed Appendix full of Scripture prayers and other ministry supplemental materials to aid you in becoming a life changer today    *Passing Orders* S. Jonathon O'Donnell,2020-12-01 Demonization has increasingly become central to the global religious and political landscape Passing Orders interrogates this centrality through an analysis of evangelical spiritual warfare demonologies in contemporary America Situating spiritual warfare as part of broader frameworks of American exceptionalism ethnonationalism and empire management author S Jonathon O Donnell exposes the theological foundations of the systems of queer and transphobia anti blackness Islamophobia and settler colonialism that justify the dehumanizing practices of the current U S political order O Donnell argues that demonologies are not only tools of dehumanization but also ontological and biopolitical systems that create and maintain structures of sovereign power or orthotaxies models of the right ordering of space time and bodies that stratify humanity into hierarchies of being and nonbeing Alternative orders are demonized as passing framed as counterfeit transgressive and transient Yet these orders refuse to simply pass on instead giving strength to deviant desires that challenge the legitimacy of sovereign violence Critically examining this challenge in the demonologies of three figures Jezebel the Islamic Antichrist and Leviathan Passing Orders re imagines demons as a surprising source of political and social resistance reflecting fragile and fractious communities bound by mutual passing and precarity into strategic coalitions of solidarity subversion and survival
