**Website Owner's Manual** Paul A. Boag, 2009-10-31 Many of the people responsible for a website don't have a clue what's required to build one and keep it up and running. The job of planning, launching and managing a site often falls to people who have little or no experience in web design or development. Website Owner's Manual is for the thousands of marketers, IT managers, project leaders and business owners who need to put a website in place and keep it running with a minimum of trouble. Using clever illustrations, easy to follow lists and diagrams and other friendly touches, Website Owner's Manual helps readers form a vision for a site, guide them through the process of selecting a web design agency and gives just enough background to help them make intelligent decisions throughout the development process. This book provides a jargon-free overview of web design, including accessibility, usability, online marketing and web development techniques. Using Website Owner's Manual, readers master the vocabulary and concepts they need to discuss how a website dovetails with the needs of a business. This book will help them work confidently with the designers and developers building and maintaining a site so they can concentrate on what your website needs to do. Purchase of the print book comes with an offer of a free PDF, ePub and Kindle eBook from Manning. Also available is all code from the book.

**Film and Television Collections in Europe - the MAP-TV Guide** Daniela Kirchner, 2006-01-16 The MAP-TV Guide to film and television collections in Europe provides detailed information on almost 2,000 sources and archives of film and television in over forty European countries. This authoritative volume includes the title listing of each collection both in English and the local language, research information, a subject and keyword index, an introduction to the collections in each country. This work will be of importance to all film researchers, production companies, film makers, archivists and reference librarians.

**Airman's Information Manual**, 1967

The Television Horrors of Dan Curtis Jeff Thompson, 2019-08-05 Before award-winning director Dan Curtis became known for directing epic war movies, he darkened the small screen with the horror genre's most famous soap opera, *Dark Shadows*, and numerous subsequent made-for-TV horror movies. This second edition serves as a complete filmography featuring each of Curtis's four dozen productions and 100 photographs. With the addition of new chapters on *Dark Shadows*, the author further explores the groundbreaking daytime television serial. Fans and scholars alike will find an exhaustive account of Curtis's work as well as a new foreword from My Music producer Jim Pierson and an afterword from *Dr. Mabuse* director Ansel Faraj.
