## **Confronting Microfinance Confronting Microfinance:**

Confronting Microfinance Milford Bateman, 2011 Uses empirical evidence and contributor fieldwork to get at the heart of debates on microfinance claims

**Politicized Microfinance** Caroline Shenaz Hossein, 2016-08-04 When Grameen Bank was awarded the Nobel Peace Prize in 2006 microfinance was lauded as an important contributor to the economic development of the Global South However political scandals mission drift and excessive commercialization have tarnished this example of responsible or inclusive financial development *Politicized Microfinance* insightfully discusses exclusion while providing a path towards redemption In this work Caroline Shenaz Hossein explores the politics histories and social prejudices that have shaped the legacy of microbanking in Grenada Guyana Haiti Jamaica and Trinidad Writing from a feminist perspective Hossein's analysis is rooted in original qualitative data and offers multiple solutions that prioritize the needs of marginalized and historically oppressed people of African descent A must read for scholars of political economy diaspora studies social economy women's studies as well as development practitioners *Politicized Microfinance* convincingly deftly argues for microfinance to return to its origins as a political tool fighting for those living in the margins

The Political Economy of Microfinance Philip Mader, 2016-01-12 According to the author rather than alleviating poverty microfinance financialises poverty By indebting poor people in the Global South it drives financial expansion and opens new lands of opportunity for the crisis ridden global capital markets This book raises fundamental concerns about this widely celebrated tool for social development

Microfinance, Debt and Over-Indebtedness Isabelle Guérin, Solène Morvant-Roux, Magdalena Villarreal, 2013-10-15 Although microcredit programmes have long been considered efficient development tools many forms of debt induced distress have emerged in their wake This has brought to light the problem of over indebtedness a topic which has been previously underexplored in the literature This new book from a group of leading scholars explores the manifestations scale and economic and social implications of household over indebtedness in areas conventionally considered as financially excluded The book approaches debt not only as a financial transaction but also as a form of social bond and offers a socioeconomic analysis of over indebtedness The volume puts forward a broad definition of over indebtedness highlighting its situational and semantic complexity and diversity It provides a close analysis of local conceptions of debt and over indebtedness highlighting frameworks of calculation and the constant renegotiation of their boundaries On top of this it looks far beyond microcredit to examine all the financial practices that individuals juggle The volume argues that over indebtedness has more to do with social inequalities than financial illiteracy and should therefore be understood in the light of global trends of financialization It also reveals the ambiguity of financial inclusion policies and in many respects questions the actions of new credit providers This book will be valuable reading for students researchers and policy makers interested in microfinance and development issues

**Enhancing Financial Inclusion through Islamic Finance, Volume II** Abdelrahman Elzahi Saaid Ali, Khalifa Mohamed Ali, Mohamed Hassan Azrag, 2020-07-01 This book is the

second of two volumes which highlight the concept of financial inclusion from the Islamic perspective An important element of the Sustainable Development Goals SDGs financial inclusion has been given significant prominence in reform and development agendas proposed by the United Nations and G 20 The significance of Islamic financial inclusion goes beyond improved access to finance to encompass enhanced access to savings and risk mitigation products as well as social inclusion that allows individuals and companies to engage more actively in the real economy It represents one of the important drivers of economic growth This volume explores the financial risks associated with lending to low income groups due to high poverty levels and the lack of collateralization mechanisms The first book on the market to provide empirical evidence of Islamic microfinance deposit insurance and micro entrepreneurship through the analysis of models and country case studies this edited collection will be of value to those researching development finance financial inclusion and Islamic finance

**Routledge Handbook of International Statebuilding** David Chandler, Timothy D. Sisk, 2013-09-02 This new Handbook offers a combination of theoretical thematic and empirical analyses of the statebuilding regime written by leading international scholars Over the past decade international statebuilding has become one of the most important and least understood areas of international policy making Today there are around one billion people living in some 50 60 conflict affected fragile states vulnerable to political violence and civil war The international community grapples with the core challenges and dilemmas of using outside force aid and persuasion to build states in the wake of conflict and to prevent such countries from lapsing into devastating violence The Routledge Handbook of International Statebuilding is a comprehensive resource for this emerging area in International Relations The volume is designed to guide the reader through the background and development of international statebuilding as a policy area as well as exploring in depth significant issues such as security development democracy and human rights Divided into three main parts this Handbook provides a single source overview of the key topics in international statebuilding Part One Concepts and Approaches Part Two Security Development and Democracy Part Three Policy Implementation This Handbook will be essential reading for students of statebuilding humanitarian intervention peacebuilding development war and conflict studies and IR Security Studies in general
