Grandma Gatewood

After her kids were all grown up, 66 year old Emma Gatewood hiked the Appalachian Trail. Hiking this trail is no easy feat. It is 2,100 miles long and travels through 14 different states.

It wasn't easy for Emma. After only a few days of hiking, she ran out of food and gotten lost. A park ranger who found her helped her go home, and she did.

She did not give up, however. The following year she started hiking the Appalachian Trail more prepared. Starting in Georgia, she walked for 146 days. She battled bugs, wind, storms, and rain before finally climbing Maine's tallest mountain and completing the trail. She was the very first woman to hike the entire trail.

Her hike changed people's lives. Newspapers reported on her hike, calling her Grandma Gatewood. Books and songs were written about her. Her story brought new interest to the Appalachian Trail and inspired other women to start hiking. There is even a special tent at the end of the trail named after her!

Using Understanding by Design in the Culturally and Linguistically Diverse Classroom Amy J. Heineke, Jay McTighe, 2018-07-11 How can today's teachers whose classrooms are more culturally and linguistically diverse than ever before ensure that their students achieve at high levels? How can they design units and lessons that support English learners in language development and content learning simultaneously? Authors Amy Heineke and Jay McTighe provide the answers by adding a lens on language to the widely used Understanding by Design framework. UbD framework for curriculum design which emphasizes teaching for understanding not rote memorization. Readers will learn the components of the UbD framework, the fundamentals of language and language development, how to use diversity as a valuable resource for instruction by gathering information about students' background knowledge from home, community, and school; how to design units and lessons that integrate language development with content learning in the form of essential knowledge and skills; and how to assess in ways that enable language learners to reveal their academic knowledge. Student profiles, real-life classroom scenarios, and sample units and lessons provide compelling examples of how teachers in all grade levels and content areas use the UbD framework in their culturally and linguistically diverse classrooms. Combining these practical examples with findings from an extensive research base, the authors deliver a useful and authoritative guide for reaching the overarching goal of ensuring that all students have equitable access to high-quality curriculum and instruction. *Resources in Education*, 1998

The Routledge International Handbook of Automated Essay Evaluation Mark D. Shermis, Joshua Wilson, 2024-06-27 The Routledge International Handbook of Automated Essay Evaluation (AEE) is a definitive guide at the intersection of automation, artificial intelligence, and education. This volume encapsulates the ongoing advancement of AEE, reflecting its application in both large-scale and classroom-based assessments to support teaching and learning endeavors. It presents a comprehensive overview of AEE's current applications, including its extension into reading, speech, mathematics, and writing research. Modern automated feedback systems, critical issues in automated evaluation such as psychometrics, fairness, bias, transparency, and validity, and the technological innovations that fuel current and future developments in this field. As AEE approaches a tipping point of global implementation, this Handbook stands as an essential resource advocating for the conscientious adoption of AEE tools to enhance educational practices ethically. The Handbook will benefit readers by equipping them with the knowledge to thoughtfully integrate AEE, thereby enriching educational assessment, teaching, and learning worldwide. Aimed at researchers, educators, AEE developers, and policymakers, the Handbook is poised not only to chart the current landscape but also to stimulate scholarly discourse, define and inform best practices, and propel and guide future innovations.
