Alternative Clauses to Standard Construction Contracts James E. Stephenson, 1990. This valuable reference edited by one of the most respected names in construction law presents the modifications and alternative clauses used by experienced attorneys in changing the most frequently discussed and controversial sections of the standard forms. In presenting selected alternative contract clauses to the AIA contracts this book addresses the concerns of owners developers contractors subcontractors and others who wish to supplement or modify the standard forms and provides a complete rationale for each suggested modification. Attorneys for the various parties on a variety of construction projects can now easily shift project risks and liabilities to better project client interests by employing proven alternative clauses for contracts between owners and architects and owners and contractors are included and certain improvements to AIA's cost plus construction contract forms are presented. The outstanding contributors to this work also address payment disputes that delay damage issues and other frequently contested and amended hot spots. The most comprehensive sourcebook of its kind. *Alternative Clauses to Standard Construction Contracts* points up the benefits and limitations of each clause as seen from the standpoint of each party involved.
