Orr, 2000-12-15 Plastic Ozone Daydream combines fact and fantasy on a wild ride through the birth growth and maturity of the sports car in America during the turbulent half century 1950-2000 The Baby Boomers changed everything Look deeply into the reflection Each story has its own identity yet each is connected to all the rest The author and his cast of affable characters say that 1970 was the pivotal year Are they right Plastic Ozone Daydream should stimulate your imagination as you cruise through the nostalgic Fifties blast through the exciting Sixties with a burst of acceleration and bring the anguish of the Nineties to the surface when your sports car cost more than your first house These stories describe the broadest emotions with the least words This book should remind us all why we love our sports cars Plastic Ozone Daydream is intended to be both fun to read and challenging to the intellect taking the reader on a journey he never knew existed through the crossroads of his own mind **Wide-Open Muscle** Randy Leffingwell, 2016-05-17 Climb inside these stunning muscle car drop tops straight from the classic era of American high performance cars Today's rarest priciest and most highly sought after muscle cars are also the least practical These are the striking convertibles of the 1960s and 1970s that were optioned out for drag racing Wide Open Muscle showcases these rare cars and proves that sometimes it pays to throw practicality out the window in order to make something purely cool and fun to drive At the peak of drag racing popularity it was common knowledge that racers needed the lightest most rigid framed cars available Convertibles represent the exact opposite of that description so it's amazing that these drop tops ever emerged amid the circle of full throttle dragsters While typical convertible drivers cruised around listening to the latest Lovin Spoonful release in the eight track tape deck these muscle car convertibles were equipped for rock n roll speed These topless muscle cars are so rare because few people had the dedication or money to buy a vehicle this impractical They're valuable because they represent the absolute extreme of the entire muscle car genre All the cars in Wide Open Muscle are shot in similar fashion studio style with a black background using a process known as light painting It is the ultimate portrayal of the ultimate muscle cars **Slightly Slower 66** John Mulhern III, 2015-09-07 In Slightly Slower 66 John Mulhern III writes about traveling a total of 6,094 miles in fifteen days including eight wonderful days on Route 66 itself The route goes through
