Set in a post-apocalyptic Pacific Northwest, Population is a SciFi thriller and romantic suspense mashup with a strong black female lead alongside a dark, possessive Alpha. This full-length novel contains steamy sex and some violent elements and finds its HEA in book 2, Saltlands. Lawlessness, violence, and desperation are all that is left of the world following the coming of the Others. But when her best friend's daughter is taken by the Others, she can't keep playing by the rule book. Instead, she must begin a life-defining journey that will test her survival techniques and bring all of her instincts into question. When she finds herself allied with one of the Others, Abel must confront foreign concepts like allegiance and desire and trust as he challenges her ability to find what she has always feared: hope.

She has to keep moving, that is, until nightfall when the aliens rise from tunnels below. Why are they here? Why are they destroying Earth? Why are the dead not dead? More questions. Zoe's only hope is to find Griffin Murphy, a paleontologist who may have the answers. If he survived the invasion, Murphy is hundreds of miles away. Zoe will have to fight the dead and dodge the aliens to get to the one man she's put her faith in to save what's left of the world she once knew. If she dies, she goes down swinging. If she lives, maybe she will find someone to tell her where they were when the world

Ernest Cline,2015-07-14 From the author of Ready Player One a rollicking alien invasion thriller that embraces and subverts science fiction conventions as only Ernest Cline could Zack Lightman has never much cared for reality He vastly prefers the countless science fiction movies books and videogames he's spent his life consuming And too often he catches himself wishing that some fantastic impossible world altering event could arrive to whisk him off on a grand spacefaring adventure So when he sees the flying saucer he's sure his years of escapism have finally tipped over into madness Especially because the alien ship he's staring at is straight out of his favorite videogame a flight simulator called Armada in which gamers just happen to be protecting Earth from alien invaders As impossible as it seems what Zack's seeing is all too real And it's just the first in a blur of revelations that will force him to question everything he thought he knew about Earth's history its future even his own life and to play the hero for real with humanity's life in the balance But even through the terror and exhilaration he can't help thinking Doesn't something about this scenario feel a little bit like well fiction At once reinventing and paying homage to science fiction classics as only Ernest Cline can Armada is a rollicking surprising thriller a coming of age adventure and an alien invasion tale like nothing you've ever read before
