**Herbert George Wells**

## **Caged Season 1 Episode 1:**

*Women, Film, and Law* Suzanne Bouclin, 2021-03-15 Entertainment and profit constitute the driving force behind popular representations of women in correctional facilities. But the creative influence of film and television also generates legal meaning. The women in prison WIP genre can leave viewers feeling both empathetic toward the women portrayed in these representations and troubled about the crimes for which they have been convicted. Focusing on five exemplary WIP films and a television series Ann Vickers Caged Heat Stranger Inside Civil Brand and Orange Is the New Black Women Film and Law asks how fictional representations explore, shape, and refine beliefs about women who are incarcerated. From melodrama to exploitation and from theatre screenings to on demand film, television programs and music videos, these texts bring into view the legal, economic, and political structures that criminalize women differently from men and that target those women who are already marginalized. Women Film and Law convincingly argues that popular depictions of women's imprisonment can illuminate the multiple forms of social exclusion and oppression experienced by criminalized women.

*Assault on the Small Screen* Molly Ann Magestro, 2015-07-22 Over the last few decades television programs have attempted to depict some of the more troubling elements of society with a more conscientious approach. Issues that networks were once reluctant to broadcast such as sexual abuse, sexual assault, and rape have become frequent plot points for many popular shows. Narratives that portray important social issues could potentially affect the ways individual viewers understand such incidents in the real world, so it is important to pay close and critical attention to the stories about rape that are broadcast to mass audiences. In *Assault on the Small Screen: Representations of Sexual Violence on Prime Time Television Dramas* Molly Ann Magestro examines the ways in which police and legal dramas on network and cable channels portray rape narratives. In this discussion, the author focuses on eight successful shows: NCIS, Criminal Minds, CSI, The Closer, Rizzoli & Isles, Dexter, Law and Order: Special Victims Unit, and The Good Wife. Each chapter offers a close reading and analysis of how one or more of the shows represent rape narratives and rape victims in ways that more or less address feminist understandings of rape and rape culture. The arguments in each chapter explore the specific narrative content of individual series rather than a single critical approach. Each of the eight shows considered within the book is the focus of its own argument as the representations of rape narratives on television are as complex as issues surrounding rape can be in the real world. In a time when rape narratives are frequently making headlines, taking the time to examine and understand the messages broadcast by a medium as ubiquitous as television serves an important role in developing an understanding of rape culture. A significant step toward this understanding, *Assault on the Small Screen* will be of interest to scholars of film and television media studies, gender studies, criminology, and sociology.
