Deluge When Yesterdays Collide:

Deluge Valerie Banfield, 2015-07-21 Sixteen year old Luke Samuels just can't fake it anymore He's ready to hang up his pathetic existence and start over in a place where he'll no longer have to outrun his nightmares His plan to slip away during the teen retreat at Hope Lodge campground is flawless Camp counselor Andy Wooten has already abandoned his past Packed in the excess baggage he left behind are the ghosts of his ex wife and former business partners The confident accountant calculates his life's ambitions as well as he does his customers balance sheets and judges his new reputation is far superior to the one he lost Three men stake their futures on the precise execution of an illegal act but the trio's ringleader ups the ante when he abducts a witness In the aftermath of a wicked storm all paths intersect and someone is bound to lose Is anyone willing to look over his shoulder to consider the value of his past or will each schemer ignore that which is good to gain that which he wants regardless of the cost *A Mighty Collision of Two Worlds* Safi Abdi, 2002-10-01 She is an outgoing girl Her Muslim family is thousands of miles away and her destiny is in her hands He is a fun loving Westerner They meet and take the plunge Soon the love nest sinks under the blasting current of fronting waves Two cultures two ways of life

Catton, 1980-10-01 Our day to day experiences over the past decade have taught us that there must be limits to

our tremendous appetite for energy natural resources and consumer goods Even utility and oil companies now promote conservation in the face of demands for dwindling energy reserves And for years some biologists have warned us of the direct correlation between scarcity and population growth These scientists see an appalling future riding the tidal wave of a worldwide growth of population and technology A calm but unflinching realist Catton suggests that we cannot stop this wave for we have already overshot the Earth s capacity to support so huge a load He contradicts those scientists engineers and technocrats who continue to write optimistically about energy alternatives Catton asserts that the technological panaceas proposed by those who would harvest from the seas harness the winds and farm the deserts are ignoring the fundamental premise that the principals of ecology apply to all living things These principles tell us that within a finite system economic expansion is not irreversible and population growth cannot continue indefinitely If we disregard these facts our sagging American Dream will soon shatter completely
