Democracy at Work Richard D. Wolff, 2012 A new manifesto for gaining democratic control of our workplaces

Understanding Marxism Richard D. Wolff, 2018-11-26 Why should we pay attention to the great social critics like Marx Americans especially now confront serious questions and evidences that our capitalist system is in trouble It clearly serves the 1% far far better than what it is doing to the vast mass of the people Marx was a social critic for whom capitalism was not the end of human history It was just the latest phase and badly needed the transition to something better We offer this essay now because of the power and usefulness today of Marx s criticism of the capitalist economic system eBook <https://bit.ly/2K6iI8v>

*Understanding Capitalism* Richard D. Wolff, 2025-12-09 Why does capitalism fail us Richard D Wolff walks readers through this pressing question in a brilliant takedown of an economic system that benefits the few at the great expense of the many *Understanding Capitalism* explores the different definitions of what capitalism is and is not and dissolves the many myths that Wolff argues are designed to confuse and disorient us Wolff doesn t simply identify the crises and harms manufactured by capitalism he details a path forward by outlining alternative economic models that combat the exploitation and oppression inherent in capitalism Capitalism oftentimes feels as permanent as the sky above *Understanding Capitalism* shows that our current economic system is only as strong as the ordinary people who enable its existence and that capitalism s demise requires an organized collective effort by those who can identify its vulnerabilities and limitations but also understand that another world is indeed possible

**Understanding Socialism** Richard D. Wolff, 2025-12-09 Socialism is a yearning for justice community and the greater realization of human potential Cornel West calls it the best accessible and reliable treatment we have of what socialism is was and should be *Understanding Socialism* is a plainspoken text that disarms false narratives confronts past failures and offers a path to a fresh and modern understanding of socialism by outlining what democracy in the workplace could look like Wolff not only explains what socialism is and has meant to its various proponents he also looks at the transition from feudalism to capitalism as a model to help us visualize an evolution from our current socioeconomic state *Understanding Socialism* explores how socialist theory was used and applied to help shape the histories of countries such as Russia and China and beyond Wolff also analyzes the successes and defeats of those countries the world s reactions to them and how they offer important lessons for the building of a democratic worker controlled 21st century socialism

**Capitalism's Crisis Deepens** Richard D. Wolff, 2016-05-30 The leading socialist economist in the country explores the roots of the Great Recession and its immense impact on working people Cornel West While most mainstream commentators view the crisis that provoked the Great Recession as having passed these essays from Richard Wolff paint a far less rosy picture Drawing attention to the extreme downturn in most of capitalism s old centers the unequal growth in its new centers and the resurgence of a global speculative bubble Wolff in his uniquely accessible style makes the case that the crisis should be grasped not as a passing moment but as an evolving stage in capitalism s history

Praise for Richard Wolff and Democracy at Work Probably America's most prominent Marxist economist The New York Times Magazine Richard Wolff's constructive and innovative ideas suggest new and promising foundations for much more authentic democracy and sustainable and equitable development ideas that can be implemented directly and carried forward A very valuable contribution in troubled times Noam Chomsky Wolff offers a rich and much needed corrective to the views of mainstream economists and pundits It would be difficult to come away from this with anything but an acute appreciation of what is needed to get us out of this mess Stanley Aronowitz Bold thoughtful transformative a powerful and challenging vision that takes us beyond both corporate capitalism and state socialism Richard Wolff at his best Gar Alperovitz *Democracy at Work* Richard D. Wolff, 2012 The Sickness Is the System Richard D. Wolff, 2020-09-15 The coronavirus pandemic the deepening economic crash dangerously divisive political responses and exploding social tensions have thrown an already declining American capitalist system into a tailspin The consequences of these mounting and intertwined crises will shape our future In this unique collection of essays Richard D Wolff argues clearly that returning to normal no longer responds adequately to the accumulated problems of US capitalism What is necessary instead is transition toward a new economic system that works for all of us Congressional Record United States.
