Technocratic Revolution in Mexico

MIGUEL ÁNGEL CENTENO

Second Edition

Democracy Within Reason Technocratic Revolution In Mexico

Peter H. Smith, 山口洋子, Shōji Nishijima

Democracy Within Reason Technocratic Revolution In Mexico:

Democracy Within Reason Miguel Angel Centeno, 1997-01-13 During the 1980s the Mexican regime faced a series of economic social and political disasters that led many to question its survival Yet by 1992 the economy was again growing with inflation under control and the confidence of international investors restored Mexico was now touted as an example for regimes in Eastern Europe to emulate How did Carlos Salinas and his team of technocrats manage to gain political power sufficient to impose their economic model How did they sustain their revolution from above despite the hardships these changes brought for many Mexicans How did they stage their remarkable political comeback and create their democracy within reason Why did Salinas succeed in keeping control of his revolution while Mikhail Gorbachev failed to do so in his similar effort at radical reform Miguel Centeno addresses these questions by analyzing three critical developments in the Mexican state the centralization of power within the bureaucracy the rise of a new generation of technocrats and their use of a complex system of political networks and the dominance of a neoliberal ideology and technocratic vision that guided policy decisions and limited democratic participation In his conclusion the author proposes some alternative scenarios for Mexico s future including the role of NAFTA and suggests lessons for the study of regimes undertaking similar transitions Of obvious interest to students of contemporary Mexico and Latin America the book will also be very useful for those analyzing the transition to the market in other countries the role of knowledge in public policy and the nature of the modern state in general

Managing Mexico Sarah Babb, 2004-02-15 Just one generation ago lawyers dominated Mexico s political elite and Mexican economists were a relatively powerless group of mostly leftist nationalists Today in contrast the country is famous or perhaps infamous for being run by American trained neoclassical economists In 1993 the Economist suggested that Mexico had the most economically literate government in the world a trend that has continued since Mexico s transition to multi party democracy To the accompanying fanfare of U S politicians and foreign investors these technocrats embarked on the ambitious program of privatization deregulation budget cutting and opening to free trade all in keeping with the prescriptions of mainstream American economics This book chronicles the evolution of economic expertise in Mexico over the course of the twentieth century showing how internationally credentialed experts came to set the agenda for the Mexican economics profession and to dominate Mexican economic policymaking It also reveals how the familiar language of Mexico s new experts overlays a professional structure that is still alien to most American economists Sarah Babb mines diverse sources including Mexican undergraduate theses historical documents and personal interviews to address issues relevant not only to Latin American studies but also to the sociology of professions political sociology economic sociology and neoinstitutionalist sociology She demonstrates with skill how peculiarly national circumstances shape what economic experts think and do At the same time Babb shows how globalization can erode national systems of economic expertise in developing countries creating a new class of global experts

Latin America: A New Interpretation L. Whitehead, 2006-01-23 This

book of collected essays by Laurence Whitehead an eminent scholar of Latin America explores the structures and influences that bind together the region shedding light on this vast and rapidly changing culture zone *The Political Economy of Mexico's Financial Reform* Osvaldo Quiroz,2017-11-01 This title was first published in 2001 An analysis of the political economy of Mexico s financial reform It is organized in three parts The first part chapters one to four develops the framework both historical and institutional The first chapter outlines the theoretical discussion on state autonomy and develops a simple analytical framework to study public policy decisions The subsequent three chapters address three main themes external dependency of domestic states on international capital political change under President Carlos Salinas and financial policy in Mexico The second part presents the analysis of three main institutional changes to the financial system development banking reform commercial banking privatisation and autonomy of the central bank Each specific case study shows how the reforms conformed to the ideas of the dominant consensus on economic policy and how they delivered an inefficient incentive structure The third part chapter eight brings together all the elements to explain Mexico s 1994 financial crisis **Mexico's Mandarins** Roderic Camp,2002-08-01 This groundbreaking study marks the culmination of over twenty years of research by one of this country s most prominent Mexico scholars Roderic Ai Camp provides a detailed comprehensive examination of Mexico s power elite their political power societal influence and the crucial yet often overlooked role mentoring plays in their rise to the top In the course of this book he traces the careers of approximately four hundred of the country s most notable politicians military officers clergy intellectuals and capitalists Thoroughly researched and drawn from in depth interviews with some of Mexico s most powerful players Mexico s Mandarins provides insight into the machinations of Mexican leadership and an important glimpse into the country s future as it steps onto the global stage

East Asia and Latin America Peter H. Smith,□□□□□,Shōji Nishijima,2003 Focuses on two broad themes economic and political connections between East Asia and Latin America and similarities and differences in developmental paths and public policies *Caciquismo in Twen[t]ieth-century Mexico* Alan Knight,Wil G. Pansters,2005 Caciquismo roughly translated as boss politics has played a major role in both Mexican political and social life This book looks at the crucial role of the cacique in modern Mexico suggesting that despite years of change and upheaval it remains an important feature of Mexican politics

East Asia and Latin America Peter H. Smith,□□□□□,Shōji Nishijima,2003 Focuses on two broad themes economic and political connections between East Asia and Latin America and similarities and differences in developmental paths and public policies *Caciquismo in Twen[t]ieth-century Mexico* Alan Knight,Wil G. Pansters,2005 Caciquismo roughly translated as boss politics has played a major role in both Mexican political and social life This book looks at the crucial role of the cacique in modern Mexico suggesting that despite years of change and upheaval it remains an important feature of Mexican politics

Democratizing Mexico Jorge I. Domínguez,James A. McCann,1996 In this groundbreaking study of Mexican public opinion and elections Jorge Dominguez and James McCann examine the attitudes and behaviors of Mexican voters from the 1950s to the 1990s and find evidence of both support for and increasing independence from the nation s ruling party They make extensive use of polls conducted during the 1988 1991 and 1994 national elections and draw from in depth interviews with leading political figures including major presidential candidates Although the 1994 presidential election showed that Mexican citizens are making their opinions known and felt at the polls Dominguez and McCann argue that Mexico cannot be considered a democracy as long as party elites fail to ensure truly free and fair elections Democratizing Mexico makes it

clear however that Mexican citizens are ready for democratic politics Latin American Studies Association ... International Congress Latin American Studies Association. International Congress,1997 Re-forming the State Hector E. Schamis,2002
 Compares the processes leading to market reform experiments and its political effects in Latin America and Europe
Building the Executive Dominance in Mexico María Amparo Casar,1997 *Revolutionary Women in Postrevolutionary Mexico* Jocelyn Olcott,2005 A history of women s political organizing and state formation in Mexico before and during the populist regime of Cardenas challenging assumptions that all Mexican women were conservative and anti revolutionary
The Transformation of Rural Mexico Wayne A. Cornelius,David Myhre,1998 Contributors to this anthology give us a close look at how Mexico s rural reforms of the early 1990s have operated and how the approximately 25 million Mexicans still living in the countryside are responding to the ending of Mexico s 50 year experiment with communal land Protective Liberalization Ana Vila Freyer,2009 **NAFTA and the Campesinos** Juan M. Rivera,Scott Whiteford,Manuel Chávez Márquez,2009 The North American Free Trade Agreement or NAFTA has been one of the most hotly contested political and economic issues of the past 20 years Contrary to much of the discussion in the U S media this volume examines small family farms in Mexico which have fared worse economically since NAFTA s passage A distinguished group of contributors provide historical background policy analysis case studies comparisons with large agribusiness corporations and recommendations for ways to improve the situation of small farms in the future This volume will be essential to the understanding of multinational trade issues and agriculture in the twenty first century Making NAFTA Work Stephen Blank,Jerry Haar,1998 This work examines how dynamic changes in the North American business environment accelerated by NAFTA have transformed corporate strategies and structures and affected patterns of US investment in Canada and Mexico **The Politics of Tax Reform in Argentina and Mexico** Sergio Berensztein,1998 **No Growth Without Equity?** Santiago Levy,Michael Walton,2009-02-13 This book examines the relationship between equity and growth in Mexico It looks at how specific inequalities in power wealth and status have created and sustained economic institutions and policies that both tend to perpetuate these inequalities and are sources of inefficiencies and lack of dynamism in the economy Institutions and Economic Reform in Mexico Juan Manuel Ortega Riquelme,2002 **Post-Soviet Affairs** ,1998
