Viral Hit Children Bedtime Story:

Kids on YouTube Patricia G Lange, 2014-03-15 Kids on YouTube goes beyond the hype about digital youth using fine grained ethnographic studies to describe the collaborative social networks kids use to negotiate identities and develop digital literacy

The Guarantee Natalie Foster, 2024-04-23 With a foreword by Angela Garbes From the president of the Economic Security Project a book showing how a just future is around the corner if we are ready to seize it The Guarantee asks us to imagine an America where housing health care a college education dignified work family care an inheritance and an income floor are not only attainable by all but guaranteed by our government for everyone But isn't this pie in the sky thinking Not by a long shot as this provocative new book reveals As it stands our current economic system is chock full of government backed guarantees from bailouts to bankruptcy protection to keep the private sector in business So why can't the same be true for the rest of us Author Natalie Foster co-founder of the Economic Security Project has had a front row seat to the dramatic leaps forward in government guarantees over the past decade from student debt relief to the child tax credit expansion Her brilliantly sketched vision for a new Guarantee Framework is rooted in real life experiences collaborations with some of today's most important activists and visionaries and a concrete sense of the policies that are possible and ready to implement in twenty first century America The Guarantee is the rare book that will shift the terms of debate moving us from the expired and defunct assumptions of no guardrails capitalism to a nation that works for all of its people

Off the Main Sequence Tom Easton, 2006-10-01 Tom Easton has served as the monthly book review columnist for Analog Science Fiction for almost three decades having contributed during that span many hundreds of columns and over a million words of penetrating criticism on the best literature that science fiction has to offer His reviews have been celebrated for their wit humor readability knowledge and incisiveness His love of literature particularly fantastic literature is everywhere evident in his essays Easton has ever been willing to cover small presses obscure authors and unusual publications being the only major critic in the field to do so on a regular basis He seems to delight in finding the rare gem among the backwaters of the publishing field A reviewer's job he says is not to judge books for the ages but to tell readers enough about a book to give them some idea of whether they would enjoy it And this he does admirably whether he's discussing the works of the great writers in the field or touching upon the least amongst them This companion volume to Periodic Stars Borgo Wildside collects another 250 of Easton's best reviews from the last fifteen years of The Reference Library No one does it better and no other guide provides such lengthy or discerning commentary on the best SF works of recent times Complete with Introduction and detailed Index
