*Panera LLC Uniform Franchise Offering Circular*, 2005    **Contact US! Trainer's Manual** Jane Lockwood, Hayley McCarthy, 2010-06-21 CONTACT US develops high end professional English language communication skills for the BPO industry. This manual contains a comprehensive introduction to the course outlining the teaching approach and describing the unit structure in detail. It includes model answers to the activities and keys to exercises as well as photocopyable materials    **The Must-Have Mom Manual** Sara Ellington, Stephanie Triplett, 2009 Sara Ellington and Stephanie Triplett share their often different opinions on various aspects of raising children from birth to age six covering the hospital experience, breastfeeding versus bottle feeding, going back to work, car seats, discipline, kids and sports, household management, potty training, schools and many other topics    **Franchise Offering Circular**, 2003    Replication Harold B. Miller, 2022-03-22 You think you have a beautiful business that you feel is replicable across the state you live in, across the country or across the world. Is the way you created your business model really scaleable? Can you replicate yourself and create a franchise that is teachable and that offers a clear picture of your concept to the market? Entrepreneurs across the world create amazing new models and platforms every day but not all of them are scaleable as a franchise model. Franchising is one of the fastest and most viable distribution platforms in the world and an incredible experience for new franchisors who are able to give of themselves to package, train and provide ongoing coaching and support for their creation, allowing amazing operators in the form of franchisees to benefit from their franchise offering. But is your model really the one they should be investing in? And are you as good at building a franchise team as you are running your beautiful business at the unit level? Franchise consultant and Franchise Science CEO Harold Miller places your mind into the preparation and execution in a point to point franchise development to focus on the people, the methods and the phases of franchising your business model and the key questions to ask yourself along with way by actually taking you through a full development with your own model in mind. There are a number of great franchise books which talk a lot about past successes of various models and offer a useful history of franchising. Replication: The Art and Science of Franchising Your Business focuses on how to think about the option of franchising today and how various fundamentals will shift during the current labor and management marketplace. Knowing how to prepare and what questions to ask yourself phase by phase can solve a lot of problems and save a lot of wasted capital by making better decisions on both the if and the how of franchising your business model    **Franchising** CSIS Counselor and Trustee Harold Brown, PhD, Harold Brown, Ebin Sandler, 2013-12-30 Provides agreements and completed pre sale disclosure statements.
