*Advanced Practice Psychiatric Nursing* Kathleen R. Tusaie, 2012-08-21 Print CourseSmart **Advanced Practice Psychiatric Nursing** Joyce J. Fitzpatrick, 2012-08-21 Named a 2013 Doody's Core Title There are few new books to direct PMH APRN treatment options Now this book provides the path to integration of treatment options for the holistic care of psychiatric client by PMH APRNs Doody's Medical Reviews This text is a wonderful compilation of information that is needed within current advanced practice psychiatric mental health nursing The chapters are informative have excellent references and provide up to the minute information that is grounded in evidence based practices Barbara Jones Warren PhD RN CNS BC PMH FAAN Professor Clinical Nursing Director Psychiatric Nursing Specialty National Institutes of Health American Nurses Association Ethnic Racial Minority Fellow The Ohio State College of Nursing This groundbreaking core text fills a void in nursing literature by integrating psychotherapy psychopharmacology and complementary and alternative medicine CAM approaches into advanced practice nursing It is organized around psychiatric syndromes rather than DSM diagnoses so it will remain current even after the publication of the DSM 5 The book provides clear and relevant treatment options in the form of decision trees with additional explanatory narratives These decision trees enable practitioners to distinguish normal

patients from those who require more customized therapeutic interventions. This holistic text integrates neurobiology theory and research evidence related to psychotherapy, psychopharmacology and complementary and alternative medicine interventions. While providing comprehensive information on theory and practice, it simplifies complex aspects of treatment with clarity and provides the depth of content appropriate to support sound clinical reasoning required in advanced practice. The book responds to the current backlash against overmedication in psychiatry. It also fulfills the upcoming requirements by APNA and ISPN that advanced practice psychiatric nurses must have skills in psychotherapy. Additionally, the text focuses on treatment issues across the life span and highlights pertinent clinical differences from the adult population through pediatric pointers and aging alerts. Advanced Practice Psychiatric Nursing reflects the extensive practice and educational experience of editors and contributors from the United States, Canada and Scotland, all of whom are expert APNs.

**Key Features**
