Why Smart People Do Stupid Things: Revised and Updated Gene F. Ostrom, 2008-12-10 Why Smart People Do Stupid Things Revised and Updated follows the original publication by more than seven years We worried and fretted then particularly about the stupidity exhibited by two of our recent presidents Of course we worried about ourselves and the host of other intelligent people who behaved out of character at one time or another Today rather than seeing improvement we see a worsening of the condition in which obviously intelligent people do tragically stupid things Not only that The increased stupidity is operating at an institutional level Note the functioning of major financial corporations regulatory agencies of the federal government and the United States congress It is mind boggling Answers aren't easy to come by because there are complex political and sociological factors that have bearing on the problem But at the core and where it most matters are psychological and spiritual forces We need to take a look at individuals and individuals need to take a look at themselves This book explores why and it offers possible solutions The analyses are presented in a readily understandable style with numerous illustrations
