A World of Dragons Bertil Flöistrup, 2000 **J.R.R. Tolkien** Peter Hunt, 2013-10-01 J R R Tolkien is arguably the most influential and popular of all fantasy writers Although his position and status have long been controversial his popularity has not faded His best loved works *The Hobbit* and *The Lord of the Rings* have sold millions of copies around the world and continue to enthral readers young and old This lively collection of original essays examines *The Hobbit* and *The Lord of the Rings* in the light of children s literature theory and approaches as well as from adult and fantasy literature perspectives Exploring issues such as gender language worldbuilding and ecocriticism the volume also places Tolkien s works in the context of a range of visual media including Peter Jackson s film adaptations **Automotive Cheap Tricks & Special F/X II** Craig Fraser, 2010-02-15 *The New Gold Standard in Automotive Step By Step Books* Automotive Cheap Tricks gorgeous Formula Drift classic graphics with stunning results Dragon Drums Da Kine Surf Tiki Craig proves that you too can paint a bitchin surfboard Rice Fink sure to be a big favorite RC Car you better read this before you attempt one Donkey Frog and Homage A Giger H R that is Automotive Cheap Tricks Special F X II is beautifully printed in full color and on heavy paper stock and it s obvious that the publisher spared no expense in producing it At 34 95 this volume is a steal And it is without question the new gold standard for books on automotive custom painting and will remain so for years to come *How St. Petersburg Learned to Study Itself* Emily D. Johnson, 2006 Johnson traces the history of kraevedenie showing how St Petersburg based scholars and institutions have played a central role in the evolution of the discipline Distinguished from obvious Western equivalents such as cultural geography and the German Heimatkunde by both its dramatic history and unique social significance kraevedenie has for close to a hundred years served as a key forum for expressing concepts of regional and national identity within Russian culture Jacket *Picturing the Wolf in Children's Literature* Debra Mitts-Smith, 2012-12-06 From the villainous beast of *Little Red Riding Hood* and *The Three Little Pigs* to the nurturing wolves of *Romulus and Remus* and Rudyard Kipling s *The Jungle Book* the wolf has long been a part of the landscape of children s literature Meanwhile since the 1960s and the popularization of scientific research on these animals children s books have begun to feature more nuanced views In *Picturing the Wolf in Children s Literature* Mitts Smith analyzes visual images of the wolf in children s books published in Western Europe and North America from 1500 to the present In particular she considers how wolves are depicted in and across particular works the values and attitudes that inform these depictions and how the concept of the wolf has changed over time What she discovers is that illustrations and photos in works for children impart social cultural and scientific information not only about wolves but also about humans and human behavior First encountered in childhood picture books act as a training ground where the young learn both how to decode the symbolic wolf across various contexts and how to make sense of real wolves Mitts Smith studies sources including myths legends fables folk and fairy tales fractured tales fictional stories and nonfiction highlighting those instances in which images play a major role

including illustrated anthologies chapbooks picture books and informational books This book will be of interest to children s literature scholars as well as those interested in the figure of the wolf and how it has been informed over time 1996 Comic Book Index Johnny Lauck, John R.
