Examessentials Cpim All-in-One 2011 ExamREVIEW,2010-10-31 The CPIM exams have a lot of questions that ask for your

best decisions i.e. how you will tackle a situation in a production environment. In fact, of the questions you will encounter in the exams, a significant portion of them requires that you pick the best possible options. These best options are often based on experience and best practices not easily found in the standard exam text books. There are also plenty of questions on concepts and theories. These are the questions quite closely related to the published objectives of the official BOK. They mostly ask for the correct definitions of terms. Our CPIM Study Guide goes the expert advice way. Instead of giving you the hard facts, we give you information that covers the best practices. With this information, you will always be able to make the most appropriate expert judgment in the exams.

ECO becomes the part 2 exam module 4. This product covers the ECO module which emphasizes shop floor level operations. Controlling production activity on the shop floor is essential to a company's productivity. Better scheduling, dispatching and tracking of work orders through the shop can improve that productivity dramatically.
