

VISION WEST ND FOUNDATION CASE STATEMENT

The Vision West ND Foundation broadens opportunities for western North Dakota communities to improve value of place and establish long-term sustainability.

WHO WE ARE

The Vision West ND Foundation was created to build two primary funding sources to support the activities of the Vision West ND Consortium and the areas it serves. One fund is a project-oriented non-endowed account established so funds can be easily accessed for projects and operations. The other fund is a sustaining endowment established to use the interest this account earns to serve communities over the long term.

OUR HISTORY

Vision West ND began in 2012 as an association of counties, cities, planning agencies, institutions of higher education, and economic development agencies. We had significant organizational assistance from state and federal funding to develop a long-term sustainability plan. When the original HUD grant ended in 2015, the consortium members decided the work was not done simply because a regional plan had been developed. Instead, the work had just begun and the members set about establishing activities to put the regional plan into place. Despite various funding sources and participation from government agencies, Vision West ND has never been a government agency, nor is it government-controlled.

The education and research offered by Vision West ND have tackled a wide array of the most pressing issues for western North Dakota. We have webinars, power points, research papers, and data sets that are offered to the communities and counties for their planning efforts. We have partnered with multiple local, state, and federal agencies to gather information to educate our community members on economic diversification and sustainability.

As funding in the form of grants was reduced, memberships became important and it wasn't long before the consortium leadership realized we needed a funding arm to assist the consortium in forming collaborative partnerships and in bringing forth the education and research necessary to assure our quality of place remains intact over the long-term. The Vision West ND Foundation became a formal organization under the guidance and umbrella of the North Dakota Community Foundation in February 2017.
