## **2026 Guide Pinterest Reading Challenge:**

**Everyday Media Literacy** Sue Ellen Christian, 2023-10-17 In this second edition award winning educator Sue Ellen Christian offers students an accessible and informed guide to how they can consume and create media intentionally and critically. The textbook applies media literacy principles and critical thinking to the key issues facing young adults today from analyzing and creating media messages to verifying information and understanding online privacy. Through discussion prompts, writing exercises, key terms, and links, readers are provided with a framework from which to critically consume and create media in their everyday lives. This new edition includes updates covering privacy aspects of AI, VR, and the metaverse, and a new chapter on digital audiences, gaming, and the creative and often unpaid labor of social media and influencers. Chapters examine news literacy, online activism, digital inequality, social media, and identity, and global media corporations, giving readers a nuanced understanding of the key concepts at the core of media literacy. Concise, creative, and curated, this book highlights the cultural, political, and economic dynamics of media in contemporary society and how consumers can mindfully navigate their daily media use. This textbook is perfect for students and educators of media literacy, journalism, and education looking to build their understanding in an engaging way.

**30-Day Reading Challenge** Laneschia Lamb, 2018-02-06 As an education enthusiast, writing mentor, and author, Laneschia Lamb is excited to commemorate National Reading Month with a 30 Day Reading and Writing Challenge. Comprehension continues to be a concern in classrooms across the country, and Laneschia believes practice builds performance. To aid children in their practice, she created this journal. The interior has space for 30 different book titles and summaries. The overall objective is to encourage daily reading and writing. It's common knowledge that impacts are made through connection. The children are asked to connect the stories they read to their own lives and experiences. It is in the repeated connecting of text to personal experience that children will begin to critically think and ultimately comprehend.
