## **Death Note L Change The World:**

**Death Note: L change the World** Takeshi Obata, 2014-11-10      **L change the world. Death note** , 2009      **L change the world. Death note** , 2020      L change the world. Death note , 2023      *Death Note* , 2009 L the world's greatest detective has twenty three days to live and twenty two days to save humanity from bioterrorists who hope to change the world forever      *The Encyclopedia of Japanese Horror Films* Salvador Jiménez Murguía, 2016-07-29 Although the horror genre has been embraced by filmmakers around the world Japan has been one of the most prolific and successful purveyors of such films From science fiction terrors of the 1950s like Godzilla to violent films like Suicide Circle and Ichi the Killer Japanese horror film has a diverse history While the quality of some of these films has varied others have been major hits in Japan and beyond frightening moviegoers around the globe Many of these films such as the Ringu movies have influenced other horror productions in both Asia and the United States The Encyclopedia of Japanese Horror Films covers virtually every horror film made in Japan from the past century to date In addition to major and modest productions this encyclopedia also features entries on notable directors producers and actors Each film entry includes comprehensive details situates the film in the context and history of Japanese horror cinema and provides brief suggestions for further reading Although emphasizing horror as a general theme this encyclopedia also encompasses other genres that are associated with this theme including Comedy Horror Science Fiction Horror Cyber punk Horror Ero Guru Erotic Grotesque and Anime Horror The Encyclopedia of Japanese Horror Films is a comprehensive reference volume that will appeal to both cinema scholars as well as to the many fans of this popular genre      **Historical Dictionary of Japanese Cinema** Jasper Sharp, 2011-10-13 The cinema of Japan predates that of Russia China and India and it has been able to sustain itself without outside assistance for over a century Japanese cinema's long history of production and considerable output has seen films made in a variety of genres including melodramas romances gangster movies samurai movies musicals horror films and monster films It has also produced some of the most famous names in the history of cinema Akira Kurosawa Hayao Miyazaki Beat Takeshi Toshir Mifune Godzilla The Ring Akira Rashomon and Seven Samurai The Historical Dictionary of Japanese Cinema is an introduction to and overview of the long history of Japanese cinema It aims to provide an entry point for those with little or no familiarity with the subject while it is organized so that scholars in the field will also be able to use it to find specific information This is done through a detailed chronology an introductory essay and appendixes of films film studios directors and performers The cross referenced dictionary entries cover key films genres studios directors performers and other individuals This book is an excellent access point for students researchers and anyone wanting to know more about Japanese cinema      A Viewing Guide to the Pandemic Richard Scheib, 2020-01-01 I have had a headache all day I am afraid of what will happen next A Viewing Guide to the Pandemic is a film book like no other It opens with the author's first hand account of the Covid 19 pandemic and life in lockdown His sense of dread and anxiety about his state of health were experiences shared with millions of others across the

world Already committed to writing a book about plagues and pandemics in popular culture Covid 19 felt like a perverse twist of fate for Richard Scheib Media depictions of deadly contagions had to this point been speculative and often off the mark his book takes an in depth look at what filmmakers imagined would happen and contrasts it with the reality International in scope the book examines films in a wide variety of genres from the silent era to the present day Black Death Ebola Mad Cow Disease Bird Flu it explores fictionalized accounts of plague and pestilence such as box office hit Outbreak 1995 as well as mockumentary treatments Whether the threats depicted have a basis in reality the biowarfare of the Cold War era for instance or are more fantastical Scheib demonstrates how the fear of contagion has provided a wealth of inspiration for the big and small screen

**Terrifying Texts** Cynthia J. Miller, A. Bowdoin Van Riper, 2018-08-28 From Faust 1926 to The Babadook 2014 books have been featured in horror films as warnings gateways prisons and manifestations of the monstrous Ancient grimoires such as the Necronomicon serve as timeless vessels of knowledge beyond human comprehension while runes summoning diaries and spell books offer their readers access to the powers of the supernatural but at what cost This collection of new essays examines nearly a century of genre horror in which on screen texts drive and shape their narratives sometimes unnoticed The contributors explore American films like The Evil Dead 1981 The Prophecy 1995 and It Follows 2014 as well as such international films as Eric Valette s Malefique 2002 Paco Cabeza s The Appeared 2007 and Lucio Fulci s The Beyond 1981

**The End of Cool Japan** Mark McLelland, 2016-07-22 Today s convergent media environment offers unprecedented opportunities for sourcing and disseminating previously obscure popular culture material from Japan However this presents concerns regarding copyright ratings and exposure to potentially illegal content which are serious problems for those teaching and researching about Japan Despite young people s enthusiasm for Japanese popular culture these concerns spark debate about whether it can be judged harmful for youth audiences and could therefore herald the end of cool Japan This collection brings together Japan specialists in order to identify key challenges in using Japanese popular culture materials in research and teaching It addresses issues such as the availability of unofficially translated and distributed Japanese material the emphasis on adult themes violence sexual scenes and under age characters and the discrepancies in legislation and ratings systems across the world Considering how these issues affect researchers teachers students and fans in the US Canada Australia China Japan and elsewhere in Asia the contributors discuss the different ways in which academic and fan practices are challenged by local regulations Illustrating from personal experience the sometimes fraught nature of teaching about cool Japan they suggest ways in which Japanese Studies as a discipline needs to develop clearer guidelines for teaching and research especially for new scholars entering the field As the first collection to identify some of the real problems faced by teachers and researchers of Japanese popular culture as well as the students over whom they have a duty of care this book will be of great interest to students and scholars of Japanese Studies and Cultural Studies
