**Development of Sri Lanka Within a Unitary State** N.S. Cooray, Sirimal Abeyratne, 2017-09-19 This comprehensive volume provides uniquely diverse insights into various aspects of decentralization and development from both developed and developing countries with special reference to Sri Lanka For a quarter century Sri Lanka was battered by its prolonged civil

war which ended in 2009 but has now achieved relative peace and stability Having developed rapidly Sri Lanka offers a classic example for developing countries There is however a strong need particularly in the context of postwar conflict to formulate policies for reconciliation peace building and development at all levels local provincial and national Decentralization itself is not a new subject however how to devolve power to local administrative levels within a unitary system and how to link the devolved power to make local administrative systems more conducive to development and provide better services for citizens are challenging tasks in many countries Taking into account the developmental governance and conciliatory needs and the sensitivity of central local relations this volume critically examines the local government systems in Sri Lanka It also proposes a viable effective and autonomous local level administrative unit based which draws on experiences from Japan and other countries and identifies the role and functions of such a unit The book presents commissioned papers from a three year research project undertaken by internationally respected experts with financial support by the Japan Society for the Promotion of Science JSPS under a Grant in Aid for Scientific Research

**The Urban Part of Rural Development** David Satterthwaite,Cecilia Tacoli,2003      **Decentralization and Constitutionalism in Africa** Charles M. Fombad,Nico Steytler,2019-09-10

This collection of essays assesses the efforts of African governments to constitutionalise decentralisation be it in the form of federalism local government or traditional authorities Since the end of the Cold War jurisdictions across Africa have witnessed an ostensible return to multi party democracy within the paradigm of constitutionalism and the rule of law Linked to the democratisation process many countries took steps to decentralize power by departing from the heavily centralized systems inherited from colonial regimes The centralization of power typically characterized by the personalization and concentration of power in the hands of leaders and privileged elites in capital cities mostly resulted in repressive regimes and fragile states As decentralisation is a response to these challenges this volume analyses the dynamic relationship between the efforts to implement decentralization and presence or absence of constitutionalism This volume examines a variety of forms and degrees of decentralization found across Africa It advances a new understanding of trends and patterns and facilitates the exchange of ideas among African governments and scholars about the critical role that decentralisation may play in democratization of and constitutionalism in Africa

*Decentralisation in Contemporary India* D. Rajasekhar,R Manjula,M Devendra Babu,2021-09-28 This volume examines the process of decentralisation in India since the 1992 legislation which devolved powers to local government bodies to ensure greater participation in local governance and planning It studies the functioning of gram sabhas panchayats school development committees water supply and sanitation committees Residents Welfare Associations and rural development schemes like the MGNREGS analysing their effectiveness and tracing the political administrative and fiscal powers the local government wields With case studies from different Indian states the book examines the functioning of local governance mechanisms and institutions in relation to crucial issues such as citizen participation the participation of women and

disadvantaged groups fiscal decentralisation peace building economic development and education among others Comprehensive and insightful this book will be an essential read for scholars and researchers of development studies political science public policy governance studies regional development political economy political sociology public administration and South Asian studies especially those focusing on India *Theoretical Aspects of Local Government and Community Action in the African Rural Areas of Rhodesia* Gloria C. Passmore,1971 Decentralized Development in Latin America Paul Lindert,Otto Verkoren,2010-03-02 Much of the scholarly and professional literature on development focuses either on the macro level of national policies and politics or on the micro level of development projects and household or community socio economic dynamics By contrast this collection pitches itself at the meso level with a comparative exploration of the ways in which local institutions municipalities local governments city authorities civil society networks and others have demanded and taken on a greater role in planning and managing development in the Latin American region The book's rich empirical studies reveal that local institutions have engaged upwards with central authorities to shape their policy and resource environments and in turn been pressured from below by local actors contesting the ways in which the structures and processes of local governance are framed The examples covered in this volume range from global cities such as Mexico and Santiago to remote rural areas of the Bolivian and Brazilian Amazon As a result the book provides a deep understanding of the diversity and complexity of local governance and local development in Latin America while avoiding the stereotyped claims about the impact of globalisation or the potential benefits of decentralisation as frequently stated in less empirically grounded analysis *Innovations in Local Governance and Decentralization in East Africa* United Nations Human Settlements Programme,2002 *Decentralisation of Capital Projects* Tekaligne Godana,Erwin Naimhwaka,2002

CIRDAP Annual Report Center on Integrated Rural Development for Asia and the Pacific,2008 *Decentralisation and Transformation of Governance in Uganda* Nakanyike Musisi,2007 Uganda's decentralization policy is one of the most ambitious and radical in sub Saharan Africa A long tradition of local government already existed in Uganda in 1986 when the National Resistance Movement came to power so when the Presidential Policy Statement on decentralization was issued in 1992 it only formalized and articulated the Ugandan government's commitment to the decentralized system of governance This commitment was subsequently strengthened and maintained through the provisions of the 1995 Uganda Constitution Decentralisation led to the devolution of broad powers of administration and implementation to the districts leaving the centre with responsibility for matters of defence and law and order This book examines the decentralization project after it has been in place for a number of years and deals with relevant crucial issues Delius Asiimwe is a Senior Research Fellow at the Makerere Institute of Social Research Uganda Nakanyike B Musisi is the Executive Director of the Makerere Institute of Social Research Uganda *Readings on Governance and Development* Mukti Rijal,Shobhana G.
