Debating Masculinity:

Debating Masculinity Josep M. Armengol, Angels Carabí, 2009 Combining a multiplicity of disciplinary and critical approaches this book explores masculinity studies in highly innovative and provocative ways analyzing the relationship between masculinity and such pressing questions as violence fatherhood feminism men's movements identity politics intimacy and friendship and homophobia **BOOK PUBLISHER WEBSITE** *Debating Masculinity* Josep M. Armengol, Angels Carabí, 2009 Combining a multiplicity of disciplinary and critical approaches this book explores masculinity studies in highly innovative and provocative ways analyzing the relationship between masculinity and such pressing questions as violence fatherhood feminism men's movements identity politics intimacy and friendship and homophobia

Masculinities and Literary Studies Josep M. Armengol, Marta Bosch Vilarrubias, Angels Carabí, Teresa Requena, 2017-02-03 If much of the existing masculinity scholarship has traditionally been grounded in a specific discipline this project provides an innovative methodological approach to the subject of literary masculinities by proving the applicability of interdisciplinary masculinity scholarship namely sociology social work psychology economics political science ecology etc to the literary analysis bridging the traditional gap between the Social Sciences and the Humanities in radically new and profound ways **Rewriting**

White Masculinities in Contemporary Fiction and Film Josep M. Armengol, 2024-03-25 This book focuses on the construction of hegemonic masculinity as well as its representations in literature culture and film Although white heterosexual masculinity continues to be the dominant model it remains paradoxically largely invisible in gender terms While the first three chapters thus offer introductory theoretical perspectives on the latest research on white masculinities the following chapters concentrate on applying masculinity theory to the analysis of both social constructions and cultural i e literary and film representations of men's emotions with a special focus on new fatherhood models friendships between men as well as gender based violence **Performing the Pied-Noir Family** Aoife Connolly, 2020-10-16 The impact of the

Algerian War 1954-1962 continues to resonate in France where the subject was long repressed in the collective psyche This book sheds new light on a memory community at the heart of the conflict the million European settlers known as the pieds noirs who migrated to France as the war reached its bloody end Aoife Connolly draws on theories of performativity to explore autobiographical and fictional narratives by the settlers in over 30 canonical and non canonical works of literature and film produced from the colony's imminent demise up to the present day Connolly focuses on renewed attachment to the family in exile in a comprehensive analysis of settler masculinity femininity childhood and adolescence that uncovers neglected representations including homosexual and Jewish voices Findings on the construction of a post independence identity and collective memory have broader implications for communities affected by colonization and migration Scholars of French Studies Postcolonial Studies Cultural Studies Gender and Identity Studies Memory Studies and Migration Studies will find this book particularly useful *Debating Modern Masculinities* S. Roberts, 2014-10-03 Masculinity it seems is in crisis again

This edited volume critically interrogates the current situation facing contemporary young men. The contributors deconstruct and reject such crisis talk with its chapters drawing on original research to present a more nuanced reality whilst also developing a critical dialogue with one another.

Those Without a Country Michael Miller Topp, 2001 Parliamentary Debates Western Australia. Parliament, 1922

Debating Sexual Correctness Adele Stan, 1995-02-02 The debate continues over what constitutes sexual correctness. Should we learn to live with date rape pornography and sexual harassment as simple facts of life? Or are these mere claims borne out of a victim mentality? Either way, women are in danger of losing their sexual freedom.

Debating Sexual Correctness Adele M. Stan, 1995 Includes material by Camille Paglia, Andrea Dworkin, Marilyn French, Susan Faludi, Susan Estrich, George F. Will, Anita Hill, Wendy Kaminer, William Broyles Jr., Katie Roiphe, Katha Pollitt, Robin Morgan, Walter Goodman, Naomi Wolf, Hendrik Hertzberg, Mortimer Zuckerman, Bell Hooks, Mary Gaitskill, and Stephen L. Carter.

The Sexuality of Men Andy Metcalf, Martin Humphries, 1985 The premise of the book focuses on how masculinity is splintered from itself by an obsession with control and power due to fear of vulnerability and alienation from women and a man's core sense of himself and his body and role in society. Parliamentary Debates Australia. Parliament, 1929

Gender on Ice Lisa Bloom, 1990

When the World Turned Upside-down Kathleen Starck, 2009 This collection of essays explores post-1989 Western perceptions of Eastern Europe and how these manifest themselves in cultural representations. It starts out from findings in the academic field of post-socialism, claiming that Easterners and Westerners are still very much under the influence of the socialisation they underwent during the Cold War and its aftermath. As a consequence, the revolutions of 1989 and 1990 and the subsequent opportunities for exchange did not necessarily bring about a reconciliation of the different worldviews. It seems the East-West divide has not simply vanished with the collapse of socialism. The essays included in this book examine in how far the divide is mirrored in the cultural arena. They focus on portrayals of post-1989 Eastern European political and social transformations in Western poetry, fiction, travel writing, autobiography, theatre, and documentaries and investigate the West's fascination with the 'Wild East' and how outsiders view or have experienced Eastern life after the iron curtain was lifted. LLT, 1998

Beyond the Hijab Debates Tanja Dreher, Christina Ho, 2009 Headscarves in schools, Ethnic gang rapists, Domestic violence in Indigenous communities, Polygamy, Sharia law. It seems that in public debates around the world, concerns about marginalised communities often revolve around issues of gender and women's rights. Yet all too often, discussions about complex matters are reduced to simplistic debates such as 'hijab to ban or not to ban' or 'Muslim women oppressed or liberated'. This collection provides a space for in-depth analyses on the politics of gender, race, and religion, as well as critical reflections on images and experiences of Muslim women. Chapters also explore the relationships between gender, violence, and protection and offer innovative possibilities for intellectual and practical understandings at the intersection of gender, race, and religion. Essential reading for scholars and students of gender and women's studies, cultural studies, racial and ethnic studies, religious

studies and an educated public interested in understanding the challenges and possibilities of tackling both racism and the oppression of women **The Inclusive-language Debate** D. A. Carson,1998 The highly contentious and controversial topic of translating the Bible is discussed in this sensitively written guide to the issues involved These include translation theory gender the debate that still surrounds the NIV inclusive language version **The Nineteenth Century Discursive Roots of the Continuing Debate on the Social Contract in Today's Egypt** Mervat Fayeze Hatem,2002 **Literacy Positions and the Hierarchy of Gender** Amanda Joan Godley,2000 Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons,1920 Contains the 4th session of the 28th Parliament through the session of the Parliament
