

A movie poster for 'Alien Invasion'. The top half features a large, dark, metallic alien head with a menacing, ribbed texture, its mouth open as if screaming or roaring. Below the head, a man with long brown hair is shown in a state of extreme distress, his face contorted in a scream with his eyes closed and hands clutching his head. The background is a misty, dark landscape with silhouettes of trees and a fence. The overall tone is dark and ominous.

The Science Fiction Handbook M. Keith Booker, Anne-Marie Thomas, 2009-03-30 The Science Fiction Handbook offers a comprehensive and accessible survey of one of the literary world's most fascinating genres. Includes separate historical surveys of key subgenres including time travel narratives, post-apocalyptic and post-disaster narratives, and works of utopian and dystopian science fiction. Each subgenre survey includes an extensive list of relevant critical readings, recommended novels in the subgenre, and recommended films relevant to the subgenre. Features entries on a number of key science fiction authors and extensive discussion of major science fiction novels or sequences. Writers and works include Isaac Asimov, Margaret Atwood, George Orwell, Ursula K. Le Guin, *The War of the Worlds* 1898, *Starship Troopers* 1959, *Mars Trilogy* 1993, 6 and many more. A Science Fiction Glossary completes this indispensable Handbook.

Historical Dictionary of Science Fiction in Literature M. Keith Booker, 2014-10-01 The Historical Dictionary of Science Fiction in Literature is a useful reference to the broad and burgeoning field of science fiction literature. Science fiction literature has gained immensely in critical respect and attention while maintaining a broad readership. However, despite the fact that it is a rapidly changing field, contemporary science fiction literature also maintains a strong sense of its connections to science fiction of the past, which makes a historical reference of this sort particularly valuable as a tool for understanding science fiction literature as it now exists and as it has evolved over the years. The Historical Dictionary of Science Fiction in Literature covers the history of science fiction in literature through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries, including significant people, themes, critical issues, and the most significant genres that have formed science fiction literature. This book is an excellent access point for students, researchers, and anyone wanting to know more about this subject.
