Hans Küng Lakeland, Paul, 2024. Given Küng's mixed reputation and broad range of topics, a wider range of voices provide a judicious reevaluation of his impact on the church and its teachings. Each chapter explores a different topic based on the following questions: What did he say? How did he influence theological debates? What is his lasting significance?

Theological Education in the Catholic Tradition Patrick W. Carey, Earl C. Muller, 1997. The aim of this book is both to raise questions about the contemporary theological enterprise and to suggest ways to improve theological education at the college seminary and graduate levels. With that in mind, the editors have here gathered together important essays by leading theologians and prominent bishops that provide expert assessment of the present state of Catholic theological education and its future prospects, treating a full range of the most pressing topics from undergraduate and graduate programs to the role of bishops and the task of inculturation.
