**Christians with Pervasive Issues** Annie Brown,2011-08 Even as a faithful Christian there may be times when you feel that there is no hope of escaping issues and themes in your life that ensnare and trip you up time and time again When a certain pattern of behavior or type of suffering has been following you all your life its hard to believe that you can ever escape from it Christians with Pervasive Issues shows us that every child of God can be delivered from issues that cause them to be a victim rather than walking in victory In compassionate no nonsense language Annie Brown demonstrates that with genuine repentance using Gods principles and the right counseling support you can overcome anything Christians with Pervasive Issues gives you the ray of hope you need in order to heal your life and get closer to God **Anti-Christian**

**Violence in India** Chad M. Bauman,2020-09-15 Does religion cause violent conflict asks Chad M Bauman and if so does it cause conflict more than other social identities Through an extended history of Christian Hindu relations with particular attention to the 2007 2008 riots in Kandhamal Odisha Anti Christian Violence in India examines religious violence and how it pertains to broader aspects of humanity Is religious conflict sui generis or is it merely one species of intergroup conflict Why and how might violence become an attractive option for religious actors What explains the increase in religious violence over the last twenty to thirty years Integrating theories of anti Christian violence focused on politics economics and proselytization Anti Christian Violence in India additionally weaves in recent theory about globalization and in particular the forms of resistance against Western secular modernity that globalization periodically helps to provoke With such theories in mind Bauman explores the nature of anti Christian violence in India contending that resistance to secular modernities is in fact an important but often overlooked reason behind Hindu attacks on Christians Intensifying the widespread Hindu tendency to think of religion in ethnic rather than universal terms the ideology of Hindutva or Hinduness explicitly rejects both the secular privatization of religion and the separability of religions from the communities that incubate them And so with provocative and original analysis Bauman questions whether anti Christian violence in contemporary India is really about religion in the narrowest sense or rather a manifestation of broader concerns among some Hindus about the Western sociopolitical order with which they associate global Christianity
