Or that the key to pristine health is not only to eat like a caveman but to live like one? In *The Awakened Ape*, Jevan Pradas uses evolutionary psychology to hack the human mind and body to answer the question: How can we enjoy life to the fullest? The results, while unexpected, are completely backed by science. Perpetually bored, anxious, fatigued, and overweight, modern society has failed to deliver the happiness it promised. The remedy Jevan argues is in a unique synthesis of a Paleolithic lifestyle and Buddhist meditation. A sprawling journey featuring Jevan's adventures with naked Amazonian tribes and retreats with enlightened monks to learn the secrets of optimal well-being. *The Awakened Ape* will teach you how to achieve deep states of bliss. All while shaping your body into the fit and healthy animal millions of years of evolution programmed you to be.
