**The Series Blueprint** Heather Cardona, 2026-01-06 Plotting a series isn't just plotting one book repeatedly. It's a different creature entirely. If a standalone novel is a sprint, a series is a marathon, one with shifting terrain, expanding casts, escalating stakes, and the constant fear that you've written yourself into a corner. By Book Three, The Series Blueprint is your long-range guide to building a series that actually works from the first book to the final payoff. This isn't a book of rigid formulas or paint-by-numbers outlines. It's a strategic framework for thinking like a series writer, planning with intention, pacing with purpose, and designing stories that grow instead of collapse under their own weight. Inside, you'll learn how to Design a series with a clear destination before plot drift takes over. Choose the right series structure for your genre, audience, and goals. Build book-level arcs that serve a bigger, long-form story. Decide between saga, episodic, or hybrid models with confidence. Track character growth, worldbuilding, and continuity without overwhelming creativity with strategy. Without killing your spark. Finish a series feeling proud instead of burned out. Whether you're planning your first series halfway through a tangled one or staring at a world that no longer makes sense, The Series Blueprint meets you where you are. Because a series isn't just multiple books. It's one long story told in deliberate stages. Plot it like one, and your future self will thank you. Probably with coffee.

**Starside** Alex Aster, 2026-03-24 From Alex Aster the No 1 New York Times bestselling author of the *Lightlark* series comes her first adult romantasy. Enter the world of Starside where swords wield magic and power is not inherited but claimed. Hundreds of years ago a brutal war split a land in two. Starside is the realm of magic and immortals, the descendants of the gods living in a power rich paradise. Stormside is where mortals fight for scraps of that magic. Every fifty years the gates between them open and fifty challengers are allowed to journey across Starside on a deadly quest to access a pool of magic that can heal, grant wealth or extend life. Everyone has their reasons for entering but Aris has only one: vengeance. As a child a goddess set fire to her village killing her family. Aris isn't after the gods' magic; she's going to kill them. First she must survive the Culling, the king's deadly competition to choose his fifty challengers. An orphaned blacksmith's apprentice, Aris doesn't have the superior weapons of the heirs from the Great Houses. But the greatest swords ones that contain power are not inherited or bought; they are claimed by both sides. And when Aris claims a great sword it makes her not just a real competitor but a target. Getting past the gates is only the beginning. Starside is deadlier than it seems. If the ancient creatures, magic-wielding beasts and bloodthirsty immortals weren't dangerous enough a new peril has even immortals fearing what rises from the ground at night. With a blade most would kill to claim, Aris can't trust anyone. Especially not Harlan Raker, the merciless and mysterious king's guard who betrayed her years ago and who may now be the key to her survival. But Aris is hiding a secret tied to her family's death. And when it's revealed, not even the

gods will be able to stop what s coming
