Author like him and then there's the added advantage of finally figuring out a niche for my book. So now instead of calling it a Young Adult Space Opera I'll be calling it The book that resembles Star Wars or maybe A young adult Dystopian space opera. Q Why should readers give these books a try? A Well I'd say if someone wanted a quick easy read with action packed adventures this is the novel for them. Most people love space exploration adventures and this one combines them with another amazing story tool magic. So if you want to know what would happen if magic existed in a high tech space world this is the book for you. Q How many books are in the Quest Saga?
