## Ceramic Tile Setting:

**Ceramic Tile Setting** John P. Bridge, John Bridge, Robert A. Bedient, 1992-03 Given the high prices that contractors charge for ceramic tile jobs many homeowners would undoubtedly consider installing it themselves if they had the proper guidance. Also in the last ten to fifteen years tile used in new homes is often glued to nothing more than plasterboard. The life expectancy of this type of installation is generally less than two or three years which means that homeowners must pay to have the tile torn out and redone an expensive proposition. Now John P. Bridge comes to the rescue providing do it yourselfers with all of the information they need to complete ceramic tile projects with long lasting professional results. Bridge begins with a brief discussion of the tools of the trade materials required and various types of masonry tile. Readers will then find easy to follow instructions for installing floors tub surrounds walls and counter tops. Bridge takes readers step by step through the entire process from surface preparation layout and design to setting the tile grouting and finishing.
