Library Services for Children and Young People Carolyn Rankin,Avril Brock,2012-11-23 A vision for children s library services in the next decade This book provides a sound background to all aspects of library provision for 6 18 year olds It is designed to support the strategic planning and delivery of library services and programmes at a local community level or in schools The book outlines a vision for children s library services in the next decade and carves out a strategy for engaging with the challenges and opportunities for children s librarians and policy makers in the Google environment This book is accessible informative and inspiring and offers practitioners the knowledge ideas and confidence to work in partnership with other key professionals in delivering services and programmes It provides an evidence base which promotes and encourages the development of effective library services for children and young people The case studies scenarios and vignettes drawn from UK and international sources show that the key issues have an international dimension and the similarities and differences in service provision will be of interest to many In addition to the two editors chapters are contributed by a range of internationally known practitioners and academics offering a wide perspective Case studies at the end of each section complement themes and practices from previous chapters while rooting the discussion in a specific context The book is organized into four parts Children s library services policy people and partnerships Connecting and engaging reaching your audience and catching the latest wave acknowledging the role of technology Buildings design and spaces libraries for children and young people Issues for professional practice Readership This book is essential reading for all senior library practitioners children s librarians and school librarians subject co ordinators and managers in schools It will also be of value for all postgraduate students on CILIP accredited library and information management courses

Digital Playgrounds Sara M. Grimes,2021-07-22 Digital Playgrounds explores the key developments trends debates and controversies that have shaped children s commercial digital play spaces over the past two decades It argues that children s online playgrounds virtual worlds and connected games are much more than mere sources of fun and diversion they serve as the sites of complex negotiations of power between children parents developers politicians and other actors with a stake in determining what how and where children s play unfolds Through an innovative transdisciplinary framework combining science and technology studies critical communication studies and children s cultural studies Digital Playgrounds focuses on the contents and contexts of actual technological artefacts as a necessary entry point for understanding the meanings and politics of children s digital play The discussion draws on several research studies on a wide range of digital playgrounds designed and marketed to children aged six to twelve years revealing how various

problematic tendencies prevent most digital play spaces from effectively supporting children's culture rights and ironically play Digital Playgrounds lays the groundwork for a critical reconsideration of how existing approaches might be used in the development of new regulation as well as best practices for the industries involved in making children's digital play spaces In so doing it argues that children's online play spaces be reimagined as a crucial new form of public sphere in which children's rights and digital citizenship must be prioritized

The Rough Guide to MySpace Peter Buckley, 2006 From Bebo and Friendster to MySpace Music Cover

The Routledge Handbook of Literacy Studies Jennifer Rowsell, Kate Pahl, 2015-05-15 The Routledge Handbook of Literacy Studies offers a comprehensive view of the field of language and literacy studies With forty three chapters reflecting new research from leading scholars in the field the Handbook pushes at the boundaries of existing fields and combines with related fields and disciplines to develop a lens on contemporary scholarship and emergent fields of inquiry The Handbook is divided into eight sections The foundations of literacy studies Space focused approaches Time focused approaches Multimodal approaches Digital approaches Hermeneutic approaches Making meaning from the everyday Co constructing literacies with communities This is the first handbook of literacy studies to recognise new trends and evolving trajectories together with a focus on radical epistemologies of literacy The Routledge Handbook of Literacy Studies is an essential reference for undergraduate and postgraduate students and those researching and working in the areas of applied linguistics and language and literacy

I, Avatar Mark Stephen Meadows, 2008 What is an avatar Why are there nearly a billion of them and who is using them Do avatars impact our real lives or are they just video game conceits Is an avatar an inspired rendering of its creator's inner self or is it just one among millions of anonymous vehicles clogging the online freeways Can we use our avatars to really connect with people or do they just isolate us And as we become more like our avatars do they become more like us In I Avatar Mark Stephen Meadows answers some of these questions but more importantly he raises hundreds of others in his exploration of avatars and the fascinating possibilities they hold His examination of avatars through the lenses of sociology psychology politics history and art he will change the way you look at even a simple online profile and revolutionize the idea of avatars as part of our lives whether first or second
