**Dragon in Ambush** Jeremy Ingalls, 2013-05-16 *Dragon in Ambush* by Jeremy Ingalls is a critique and new translation of the first twenty poems of Mao Zedong's published poetry This seminal work stands out from previous translations of Mao's poems in seeing them as an expression of his core political beliefs rather than for their poetic effect Instead Dr Ingalls shows in consummate detail that Mao was careful and deliberate in employing imagery in his poetry to lay out procedures for political supremacy in which the central drive was his will to psychological domination That is domination of the minds of others is the unifying theme of Mao's verse sequence The crux of Prof Ingalls' work lies in her focus on the symbolism in the poems The poems are in Mao's use of them as a means of communication meaningless on their surface No image however seemingly commonplace is ever employed for merely lyrical or aesthetic description Every image functions as a factor in an entirely political calculus According to Dr Ingalls When Mao mentions streams or mountains suns or moons clouds or winds or icicles horses elephants snakes tigers leopards or bears specifies kinds of trees or birds or fish flies brooms mats or bridges these and all his other images have as their primary function neither happenstance descriptions nor whimsical metaphor They all have politically symbolic functions in Mao's algebra of versified political discourse Furthermore in her analysis Prof Ingalls downplays the significance of Marxism Leninism in the Thought of Mao Zedong She shows that throughout his career Mao regarded Marxism Leninism as a political convenience not as a doctrine permanently essential to his master plan Just as Mao used the Nationalists of Chiang Kai shek and Stalin's Soviet Union as means to further his own political ambitions so did he manipulate Marxist Leninist ideology to hoodwink and attract at home and abroad professional revolutionaries to help do his bidding Mao's aims express in their worldviews an entirely Chinese tradition In his poems Mao's dialectics his materialism and his authoritarianism all take their points of reference from within the Chinese cultural order *Dragon in Ambush* is a thoroughly unique and revolutionary approach to understanding the Mind of Mao Zedong

*An American Anthology, 1787-1900* Edmund Clarence Stedman, 1900 **Woman As Hero In Old English Literature** Jane Chance, 2005-06-16 The first comprehensive study of heroic women figures in Anglo Saxon

literature investigates English secular and religious prose and poetry from the seventh to the eleventh centuries Given the paucity of surviving literature from the Anglo Saxon period the works which feature major women characters often portrayed as heroes seem surprisingly numerous Even more striking is the strength of the female characterizations given the medieval social ideal of women as peaceful passive members of society The task of this study is to examine the existing sources afresh asking new questions about the depictions of women in the literature of the period Particular attention is focused on the failed possibly adulterous women of The Wife s Lament and Wulf and Eadwacer the monstrous mother of Grendel in Beowulf and the chaste but heroic figures and saints Judith Juliana and Elene The book relies for its analysis on recent and standard texts in Anglo Saxon studies and literature as well as a thorough grounding in Latin and vernacular historical documents and Anglo Saxon writings other than the focal literary texts *Plato, Aristotle and the Transcendence Theory of Art* Christine Stefanie Kunkler, 2025-10-27 From a provocative reading of Plato and Aristotle the Transcendence Theory of Art challenges traditional notions concerning the autonomy of art essentialism and art as such As a methodological model it bridges theoretical analysis and art practice offering a fresh approach to key areas in philosophy Christine Stefanie Kunkler introduces original concepts like Index ART and the Aesthetic Syllogism while proposing the Force Field of Art as an alternative to Arthur Danto s Art World This study explores how a philosophical reflection on texts and images can deepen our understanding of meaning interpretation and misinformation in contemporary culture **Dangerous Women** Victoria B. Cass, 1999-12-01 Grannies geishas warriors mystics recluses and predators\_ these are the dangerous women of traditional China Through her exploration of the myth and history of the Ming Victoria B Cass brings their world brilliantly to life In a culture that is resoundingly patriarchal these women are a vivid counterpoint Violating state sponsored orthodoxies the granny mocks and mimics the geisha charms with her intellect the warrior rules in icy superiority Using new and freshly interpreted sources the author leads us confidently into this surprising world bolstering her erudite and engaging text with stunning color and black and white art of the period **The Christ of Cynewulf, a poem, ed. by A.S.
