**The Art & Practice of Creative Visualization** Ophiel,2001-08-01 There s more to creative visualization than meets the eye In this ground breaking volume first published in 1967 Ophiel lays out the 10 Laws of Creative Visualization Once understood they are as simple and as real as the laws of gravity or magnetism In other words they work Ophiel tells us how to do and undo the magic of visualization Whether we want a new job a new house a new relationship or a warm coat we can manifest that which will create happiness and comfort in our lives And should we discover that we ve gotten it wrong that we neither want nor need what we ve visualized there are techniques to undo what has been done Along with the theory Ophiel offers plenty of practice in working with symbols visualizing physical reality making a treasure chart and understanding the role of emotion in visualization Work with the symbols in the book and learn how to create your own This is practical metaphysics at its best Love spells are forever but if you want the object of your affection to go away Ophiel tells you how to do that as well Visualization Angel Mendez,2014-11-05 This Visualizaion and The law of Attraction book is the most complete and comprehensive guide to Creative Visualization and The Law of Attraction that is proven to produce results You re about to discover a proven strategy on how to master your visualization powers and the law of attraction Players famous people and successful people from all kinds of different backgrounds have practiced creative visualization as a successful approach to enhance execution improve aptitudes and support trust Creative Visualization and The Law of Attraction can really help you to overcome fears and reinforce your capacity to do anything by making your subconscious mind accept these dreams as genuine experiences exactly as it would on the off chance that you were physically taking part in such a reality Instead of just envisioning yourself in a finer circumstance than you re in now take a stab at seeing more subtle elements of the new circumstance you wish to experience for instance the sort of attire you re wearing the size and state of your body the other individuals around you The more detail you can mix into your dreams the all the more genuine they will appear and the better your subconscious mind will have the capacity to accept them and make the law of attraction work for you The law of

attraction develops the more you practice The emotions you experience while performing your visualization activities are more vital than the pictures you see in your brain if you re envisioning yourself as a fruitful businessman attempt to verify you re feeling the emotions that relate with such a dream for instance trust strengthening fulfillment and achievement The stronger you can make your feelings the more compelling your visualizations will be and the more likely you ll be to think and act in ways that yield them into your physical body Unlike other books about visualization and the law of attraction this amazing work provides the best tools and techniques to activate your subconscious mind and the law of attraction
