*Halo: Legacy Collection* Brian Michael Bendis, Peter David, Fred Van Lente, 2021-11-30 This massive collection features three classic Halo tales by some of the best writers and artists in comics. *Halo Uprising* follows the Master Chief as he single handedly takes on the Covenant's miles long Forerunner Dreadnought as it makes its way to Earth. Then join the ranks of the UNSC's meanest, most battle hardened Marines in *Helljumper* as a group of ODST respond to a remote science colony's SOS call and discover an enormous Covenant military presence. Finally a UNSC ship encounters a strange phenomenon that sends it plummeting toward an unknown planet. The Spartan Black fireteam needs to unlock the secrets of an ancient Forerunner installation if they're going to survive the experience but to complicate matters they're not the only ones shipwrecked. Check out their story in *Halo Blood Line*

[Historical Dictionary of Science Fiction Cinema](#) M. Keith Booker, 2020-06-15 In the years since Georges Méliès's *Le voyage dans la lune* (*A Trip to the Moon*) was released in 1902, more than 1000 science fiction films have been made by filmmakers around the world. The versatility of science fiction cinema has allowed it to expand into a variety of different markets, appealing to age groups from small children to adults. The technical advances in filmmaking technology have enabled a new sophistication in visual effects. This second edition of *Historical Dictionary of Science Fiction Cinema* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on important personalities, films, companies, techniques, themes, and subgenres. This book is an excellent resource for students, researchers, and anyone wanting to know more about science fiction cinema.

**Inhospitability** Natalie Lauren Belisle, 2025 The Caribbean has a global reputation for extending unparalleled hospitality to foreign guests. Yet local citizens express feeling alienated from the Caribbean nations they call home. Here Natalie Lauren Belisle probes the relationship between these incompatible narratives of Caribbean life. Departing from tourist-centered critiques of the Caribbean's visitor economy, Belisle instead gives primacy to the political life of the Caribbean citizen subject within a broader hospitality regime. Reading literary, cinematic, and digital texts that traverse the Spanish, Anglophone, and Francophone Caribbean, Belisle interprets citizens' estrangement through misdirected political deliberation and demonstrates that inhospitality is institutionalized through the aesthetic reproducing itself in the laws that condition belonging and membership in the nation state. Ultimately, *Caribbean Inhospitability* recasts the decay of nation state sovereignty in the postcolonial Caribbean within the contours of neoliberalism, international relations, and cosmopolitanism.

In this comprehensive study, the first of its kind in either English or Portuguese, Alfredo Suppia draws out the unique features and universal resonance of SF film in Brazil, a country that has fittingly been called the land of the future.
