Ko Paandu,2015-09-29 This book on Cosmic Energy Health and Medicine explains about the natural energy around us in everyday life and how we can maximize its use for our health How our health is connected with the body and mind and explains how disease is due to the disagreement between them The book explains about allergies and compares it with an enemy One cannot solve a problem avoiding the enemy Same way allergy is the one you need to resolve and not avoid The medicines used over centuries by our forefathers are proven and can be relied upon just as the reliable age old foods we consume to this day Medicines under modern allopathic system never last even for a decade Chemicals herbs and minerals are not medicines A medicine should act as an energized bullet or a piercing arrow instead of staying behind in our body and creating a host of side effects and other complications A medicine is supposed to cure the disease of the person and not create a disease basket piling on more diseases Only the energized medicines which are slow but steady can clear our disease in natures speed and not the fast acting palliative medicines
