Pinterest Reading Challenge Global Trend

Sue Ellen Christian

Pinterest Reading Challenge Global Trend:

Masculinities in Post-Millennial Popular Romance Eirini Arvanitaki, 2022-05-12 This book focuses on the projection of the hero's masculinity in a selection of post millennial popular romance narratives and attempts to discover if and to what extent this projection reinforces or challenges patriarchal ideas about gender In the majority of these narratives the hero is often presented as a hegemonic alpha male However hegemonic masculinity is not a fixed concept Rather it is subject to continuous change which allows for the emergence of various dominant masculinities Under a poststructuralist lens and through a close textual analysis approach and a gender reading of romance narratives the book suggests that to a certain extent the romance hero could be described as a platform onto which different forms of dominant masculinity are displayed and highlights that these masculinities do not necessarily clash depend on or function as a prerequisite for each other

Enterprise Information Management Paul Baan, 2012-11-28 How an organization manages its information is arguably the most important skill in today's dynamic and hyper competitive environment In *Enterprise Information Management* editor Paul Baan and a team of expert contributors present a holistic approach to EIM with an emphasis on action oriented decision making The authors demonstrate that EIM must be promoted from the top down in order to ensure that the entire organization is committed to establishing and supporting the systems and processes designed to capture store analyze and disseminate information They identify three key pillars of applications 1 business intelligence the information and knowledge management process itself 2 enterprise content management company wide management of unstructured information including document management digital asset management records management and web content management and 3 enterprise search using electronic tools to retrieve information from databases file systems and legacy systems The authors explore EIM from economic and socio psychological perspectives considering the ROI return on information of IT and related technological investments and the cultural and behavioral aspects through which people and machines interact Illustrating concepts through case examples the authors provide a variety of tools for managers to assess and improve the effectiveness of their EIM infrastructure considering its implications for customer and client relations process and system improvements product and service innovations and financial performance

Handbook of Research on Strategic Retailing of Private Label Products in a Recovering Economy Gómez-Suárez, Mónica, Martínez-Ruiz, María Pilar, 2016-06-20 As the global market continues to recuperate from economic downfall it is essential for private label products to find ways to compete with alternatives offered by wholesale and national retailers In many cases it becomes difficult for off brand products to generate market appeal when consumers have preconceived notions about the quality of generic products and loyalty to branded products The *Handbook of Research on Strategic Retailing of Private Label Products in a Recovering Economy* emphasizes advertising and promotional approaches being utilized as well as consumer behavior and satisfaction in response to marketing strategies and the sensitive pricing techniques being implemented to endorse generic and store brand products

available on the market Highlighting brand competition between wholesalers retailers and private brand names following a global economic crisis this publication is an extensive resource for researchers graduate students economists and business professionals
