sea navigation has been an important basic determinant of victory Occasionally new members of the fraternity of the sea will  
look upon navigation as a chore to be tolerated only as long as it takes to find someone else to assume the responsibility In  
my experience such individuals never make good naval officers Commander Hobbs has succeeded in bringing together the  
information and practical skills required for that individual who would take the first step down the road toward becoming a  
competent marine navigator At the outset of this book the author stresses the necessity for safe navigation but there is  
another basic tenet of sea warfare that this book serves The best weapons system man has ever devised cannot function  
effectively unless it knows where it is in relation to the real world where it is in relation to the enemy and where the enemy is  
in relation to the real world Not all defeats can be attributed to this lack of information but no victories have been won by  
those who did not know where they were      Bureau of Ships Manual United States. Navy Department. Bureau of Ships,
