## Twitter Trending S Primer:

**Digital Dilemmas** Diana C. Parry, Corey W. Johnson, Simone Fullagar, 2018-12-05 The proliferation of digital technologies virtual spaces and new forms of engagement raise key questions about the changing nature of gender relations and identities within democratic societies. This book offers a unique collection of chapters that brings together scholars from diverse backgrounds to explore how gender experiences and identities are being transformed by digital technologies in ways that affirm or deny social justice.

*Race Lessons* Prentice T. Chandler, Todd S. Hawley, 2017-05-26 This volume addresses practical considerations of teaching about race in social studies providing concrete lesson ideas. It aims to help teachers overcome fear colorblindness and assimilation narratives using Critical Race Theory and inquiry pedagogy to engage learners with race in history geography and more.

Power and Resistance Wayne Antony, 2020-05-06T00:00:00Z How do we make sense of the social problems that continue to plague Canadian society? Our understanding of issues such as poverty, racism, violence, homophobia, crime and pollution stems from our view of how society is structured. From the dominant neoliberal perspective social problems arise from individuals making poor choices. From a critical perspective however these social troubles are caused by structural social inequalities. Disparities in economic, social and political power that is relations of power based on class, race, gender and sexual orientation are the central structural element of capitalist, patriarchal, colonialist societies. The contributors to *Power and Resistance* use this critical perspective to explore Canadian social issues such as poverty, colonialism, homophobia, violence against women, climate change and so on. This sixth edition adds chapters on the corporatization of higher education, the lethal impacts of colonialism, democracy, the social determinants of health, drug policy and sexual violence on campus.

**Mourning and Mobilization in the Americas** Lydia Huerta Moreno, 2026-01-01 Shows how communities across the Americas transform their grief over murdered and missing trans and non trans women, girls and two spirit people into powerful social movements that challenge state violence and demand justice. A groundbreaking and transnational examination of gender based violence, *Mourning and Mobilization in the Americas* reimagines how we understand the relationship between grief and political action. Lydia Huerta Moreno brings together the work of activists, scholars, artists, writers and influencers from 1994 to 2023 to chronicle the intersection of activism with the rise of social media and the eventual implementation of legislation codifying woman killing as a crime. Expanding the concept of femicide to encompass trans women, two spirit people and missing and murdered women and girls across the Americas, Huerta Moreno illuminates the deep connections between different forms of gender based violence across the Americas and weaves together questions of race, class, gender and immigration status. Through innovative and sensitive analysis of postmortem politics, the book reveals how communities transform profound loss into powerful social movements from Mexico to Brazil to the United States and Canada and beyond. With a foreword by Sayak Valencia, *Mourning and Mobilization in the Americas* is a must read for activists, scholars and anyone concerned with human rights, revealing how grief can spark.
