**Unwired** Gaia Bernstein,2023-03-28 Our society has a technology problem Many want to disconnect from

screens but can't help themselves. These days we spend more time online than ever. Some turn to self help measures to limit their usage yet repeatedly fail while parents feel particularly powerless to help their children. *Unwired: Gaining Control over Addictive Technologies* shows us a way out. Rather than blaming users, the book shatters the illusion that we autonomously choose how to spend our time online. It shifts the moral responsibility and accountability for solutions to corporations. Drawing lessons from the tobacco and food industries, the book demonstrates why government regulation is necessary to curb technology addiction. It describes a grassroots movement already in action across courts and legislative halls. Groundbreaking and urgent, *Unwired* provides a blueprint to develop this movement for change to one that will allow us to finally gain control.

**Beyond Self-Care Potato Chips** Amber Wardell, 2024-10-29

Toxic self care culture tells women that bubble baths and Botox are the route to happiness and fulfillment. Though these types of self care can fill us up in the moment, they cannot provide long lasting nourishment. They are empty calories, the potato chips of self care. And from them we can never get full. In the same way, we will not feel fulfilled by reaching for the empty calorie self care trends that toxic materialistic self care culture sells us. To fill our exhausted bodies and weary minds to live fully and authentically, we need the kind of self care that nourishes. *Beyond Self Care Potato Chips* is a call to action for women everywhere to reach instead for nourishing self care. Though this may sound easy in theory, many women struggle to carry it out. We struggle because we have forgotten how to reach. Our training as little girls taught us that it is polite to be grateful for what we get. To say thank you, but I'm full when offered second helpings. To accept the potato chips we are given, because there are people on this planet who have none, so how dare we ask for more. Through the narrative voice of a psychologist who is also an exhausted millennial mom trying to keep it all together, *Beyond Self Care Potato Chips* explores courageous self care in the areas of marriage, motherhood, family dynamics, friendships,

**The Gospel of Wellness** Rina Raphael, 2022-09-20. Next level revelatory Sarah Knight New York Times bestselling author of *The Life-Changing Magic of Not Giving a F\*ck*. Excellent. Rina really knows her shit. I'm so thankful for this book. Jameela Jamil actress and host of *I Weigh*. Journalist Rina Raphael looks at the explosion of the wellness industry, how it stems from legitimate complaints, how seductive marketing targets hopeful consumers, and why women are opening up their wallets like never before. Wellness promises women the one thing they desperately desire: control. Women are pursuing their health like never before. Whether it's juicing, biohacking, clutching crystals, or sipping collagen, today there is something for everyone as the wellness industry has grown from modest roots into a \$4 trillion entity and a full-blown movement promising health and vitality in the most fashionable package. But why suddenly are we all feeling so unwell? The truth is that deep within the underbelly of self-care, hidden beneath layers of clever marketing, wellness beckons with a far stronger, more seductive message than health alone. It promises women the one thing they desperately desire: control. Vividly told and deeply reported, *The Gospel of Wellness* reveals how this obsession is a direct result of women feeling dismissed, mistreated, and overburdened. Women are told they can manage the chaos ruling their life by following a laid-out plan: eat right, exercise, meditate, then buy or do all this stuff. And while wellness may have sprung from good intentions, we are now relentlessly flooded with exploitative offerings, questionable ideas, and a mounting pressure to stay devoted to the divine doctrine of wellness. What happens when the cure becomes as bad as the disease? With a critical eye, humor, and empathy, wellness industry journalist Rina Raphael examines how women have been led down a kale-covered path, promising nothing short of salvation. She knows: Raphael was once a disciple herself, trying everything from clean eating to electric shock workouts until her own awakening to the troubling consequences. Balancing the good with the bad, *The Gospel of Wellness* is a clear-eyed exploration of what wellness can actually offer us, knocking down the false idols and commandments that have taken hold and ultimately showing how we might shape a better future for the movement and for our well-being.
