Viral Hit Emotional Intelligence Workbook:

Soul Connect, Virus Protect Donna M Stephens, 2016-10-18 Donna M Stephens believes that all of us are perfect unique and deserve to live our own abundant loving and limitless destinies Unfortunately at some point during our journeys all of us manage to get in our own way and discover that life does not mirror our dreams The good news is that we can transform our thought processes and attain the life we have always wanted infinity Stephens a seasoned coach and educator relies on an in depth knowledge of brain based philosophies and the universal laws of attraction to provide unique tools through five modules that allow others to harness their own power to live consciously free of pain guilt and disconnection Through her guidance tools and activities others will learn how to eliminate restricting thoughts that influence success happiness and infinity reprogram our brains to consciously drive our thoughts and lives identify feelings to power and control our own infinity release limiting experiences concepts and ideas that separate us from infinity and find forgiveness in order to evolve and grow Soul Connect Virus Protect shares practical tools and seasoned guidance that lead others down a path to loving themselves attaining dreams and ultimately becoming the master of their lives

Leadership From A to Z Dr. Andrew Zawacki, 2025-10-09 Leadership from A to Z is written for the individual interested in growing in leadership The book is structured with an entry for each letter of the alphabet Each entry offers stories and illustrations to expose the reader to concepts that will impact leadership growth Discussion questions are included in each entry to help leaders digest concepts and share ideas with others while applying the concepts to one's leadership Taken together the entries give a well rounded picture of leadership needed today This book can be read individually with a book club or with your team at work Grow leader grow

The Teen-Centered Book Club Bonnie Kunzel, Constance Hardesty, 2006-03-30 Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered With innovative pragmatic ideas that will attract and retain teen readers this guide provides everything you need to run a successful teen centered book club Covering every step from planning and promoting to how to prompt discussion and keep it civilized this is a one stop source for the teen book club leader Dozens of reproducibles for teens include book lists ground rules and book based activities The book even has directions for evaluating your club and lists of resources for more information Whether you're starting a teen book club trying to revive a flagging program or wish to build on past success if you're involved in a teen book club this guide is a must What's the difference between a teen book club and an adult one Too often the answer is Not much Like so many programs for teens traditional book clubs tend to be scaled down versions of adult clubs If book selection taboo topics and logistical details are the most important things that set your teen book club apart from an adult one you could be missing a huge opportunity Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered They're not merely by for and about teens but are grounded in the admittedly radical idea that the club is not primarily about library programming or even about books but is all about teens their interests and needs their social habits

and styles their initiative Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders Furthermore the teen centered book club has huge potential to further a whole range of library goals from bringing more teen patrons through the door to building community wide awareness and support for the library itself What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries budgeting impact on the facility and the collection and potential attempts at censorship to name just a few It s also the only guide that takes a teen centered approach putting front and center the idea that as with so many other things book clubs for teens are not merely scaled back versions of adult clubs Whether you are starting a club attempting to revive a flagging program or building on past success this manual offers you innovative pragmatic ideas that will attract and retain teen readers Grades 6 12 Teen Book Clubs offers a fresh new approach for today s teen readers and clear instructions along with tips and ideas for building teen centered book clubs In 12 brief chapters the book covers the teen centered book club what it is and what it takes to make it work putting it together planning and putting the plan in action going public recruiting boosting visibility garnering support 15 cunningly creative types of teen book clubs using book club to develop teen leaders scads of book lists reproducibles and sample discussion prompts tweaking troubleshooting and tips for keeping it civilized evaluations beyond measure resources for more information Filled with practical checklists figures worksheets and reproducibles this is the guide that all teen book club leaders should have Create a Culture of Kindness in Middle School Naomi Drew,Christa Tinari,2017-10-02 Practical research based lessons for middle school educators to teach students pro social attitudes and behaviors to prevent bullying Create a Culture of Kindness in Middle School focuses on positive and pro social attitudes and behaviors that build a respectful and compassionate school environment while also addressing the tough issues of prejudice anger exclusion and bullying Through role playing perspective taking sharing writing discussion and more students develop the insights and skills they need to accept differences resolve conflicts peacefully stop bullying among peers and create a community of kindness in their classrooms and school Based on survey data gathered by the authors from more than 1 000 students the book s research based lessons are easy to implement and developmentally appropriate Digital content includes student handouts from the book A Short History of Stupidity Stuart Jeffries,2025-08-21 We are living it is often said in a golden age of stupidity in which boneheaded mendacious politicians get elected by voters who ve become too mindless to realize their interests are ill served by narcissists while vapid social media influencers corrupt their no less witless followers with groundless conspiracy theories and eye wateringly foolish takedowns of scientific expertise Our time one might be forgiven for thinking is one in which the fool s gold of stupidity has become a desirable commodity a must have with bumbling celebrities venerated more than those who have more than two brain cells to rub together In this book Stuart Jeffries analyses how we got into this parlous state and wonders if the stupid like the poor are always with us or if rather stupidity is like Japanese knotweed difficult to root out

but to be exterminated with extreme prejudice He considers what some of the greatest of minds Socrates Buddha Voltaire Arendt and others have to tell us about the slippery nature of stupidity During a narrative that takes us from ancient Greece to artificial intelligence and accompanied by such heroes of stupidity as Flaubert's double act Bouvard and Pécuchet Jeffries casts a sceptical eye on attempts to root out stupidity by such means as IQ tests eugenics gene editing and racist education policies finding each attempt to be more stupid than the stupidity they were ostensibly devised to eradicate If today we are living in a fool's paradise has our species become too dim to learn anything from its rich history of folly *The Video Source Book* David J. WEINER,1990 **Global Awakening** Michael Schacker,2012-12-14 Shows how we must make deep changes to complete our paradigm shift from the old mechanistic worldview to the new organic worldview Reveals the distinct stages of paradigm shifts through the ages including the 18th century Enlightenment and the critical stage of our current shift Explains how the new organic worldview began with Goethe and Kant Offers solutions for each of us to be able to realize and make the deep changes needed for global regeneration In *Global Awakening* Michael Schacker shows that hidden within our global crises is a positive future for the planet Sharing his 30 years of intensive research into the history of change as well as the evolution of consciousness and regenerative science Schacker explains how our current shift from the old mechanistic worldview to a new organic worldview based on biological models follows the same pattern as other paradigm shifts across history including the 18th century Enlightenment and the American Revolution He reveals the creative geniuses who have contributed to the birth of the organic worldview beginning with Goethe Kant and Hahnemann Exposing the scientific and social forces that drive paradigm shifts he details the stages every paradigm shift progresses through the early Enlightenment the conservative backlash the intensive phase and the transformational phase leading to the Organic Shift Explaining that we are currently in the throes of the paradigm flip the critical last phase of our paradigm shift Schacker shows how the mechanistic worldview is crumbling around us and nothing but a complete transformation in the way we think will keep us from the path of total self destruction Providing a map to overcome the allure of the simplistic mechanical model that has spawned countless unsustainable practices and problems from global warming to intense economic disparities the author offers concrete solutions showing how each of us can use our talents skills and time to make the deep changes needed for global regeneration *Video Source Book* ,2008 **English Idioms & Slang Made Easy** Maya A.
