Coursesmart Etextbooks:

EBOOK: Financial Accounting Robert Libby, Daniel Short, Patricia Libby, 2014-04-16 This Global edition has been designed specifically to meet the needs of international financial accounting students. The text successfully implements a real world single focus company approach in every chapter. The companies chosen are engaging and the decision making focus shows the relevance of financial accounting in the real world. In addition to the latest examples of both contemporary and traditional topics, new material has been added to make the content more relevant and improve learning outcomes for the international student.

EBOOK: Basic Marketing William Perreault, Joseph Cannon, E. Jerome McCarthy, 2013-04-16 Built on a strong foundation, Basic Marketing 18e with ConnectPlus and LearnSmart provides an integrated teaching and learning solution for presenting the four Ps framework and managerial orientation with a strategy planning focus. The Perreault franchise was the pioneer of the four Ps in the introductory marketing course. The unifying focus of Basic Marketing has always been on how to make marketing decisions in deciding what customers to focus on and how best to meet their needs. Consistent with our belief in continuous quality improvement, this edition has been critically revised, updated, and rewritten to reflect new concepts, new examples, recent best practices, and to tightly integrate the best digital tools in the industry for ensuring that students are prepared to engage in classroom lectures and pursue future business and marketing careers.

EBOOK: Understanding Business, Global Edition William Nickels, Jim McHugh, Susan McHugh, 2012-05-16 Understanding Business Global Edition by Nickels, McHugh, and McHugh has been the number one textbook in the introduction to business market for several editions for three reasons: 1. The commitment and dedication of an author team that teaches this course and believes in the importance and power of this learning experience; 2. we listen to our customers; and 3. the quality of our supplements package. We consistently look to the experts: full-time faculty members, adjunct instructors, and of course students to drive the decisions we make about the text itself and the ancillary package. Through focus groups, symposia, as well as extensive reviewing of both text and key ancillaries, we have heard the stories of more than 600 professors, and their insights and experiences are evident on every page of the revision and in every supplement. As teachers of the course and users of their own materials, the author team is dedicated to the principles of excellence in business education. From providing the richest, most current topical coverage to using dynamic pedagogy that puts students in touch with today's real business issues to creating groundbreaking and market-defining ancillary items for professors and students alike, Understanding Business leads the way.

Ebook: Managerial Accounting - Global Edition Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition, which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through

the topics of that chapter There is significant coverage of contemporary topics such as activity based costing target costing the value chain customer profitability analysis and throughput costing while also including traditional topics such as job order costing budgeting and performance evaluation Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U S edition **EBOOK: Economics** Paul Samuelson, William

Nordhaus, 2009-07-16 Samuelson's text was first published in 1948 and it immediately became the authority for the principles of economics courses The book continues to be the standard bearer for principles courses and this revision continues to be a clear accurate and interesting introduction to modern economics principles Bill Nordhaus is now the primary author of this text and he has revised the book to be as current and relevant as ever **Ebook: Advanced**

Accounting Joe Ben Hoyle, Thomas Schaefer, TIMOTHY DOUPNIK, 2014-10-16 The approach used by Hoyle Schaefer and Douppnik in the new edition allows students to think critically about accounting just as they will do while preparing for the CPA exam and in their future careers With this text students gain a well balanced appreciation of the Accounting profession As Hoyle 12e introduces them to the field's many aspects it often focuses on past controversies and present resolutions The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future The writing style of the eleven previous editions has been highly praised Students easily comprehend chapter concepts because of the conversational tone used throughout the book The authors have made every effort to ensure that the writing style remains engaging lively and consistent which has made this text the market leading text in the Advanced Accounting market The 12th edition includes an increased integration of IFRS as well as updated accounting standards *ebook: Managing Operations Across the Supply Chain* Swink, 2016-09-16 ebook Managing
