Australian CPA., 2002 *Cost Management for Nonprofit and Voluntary Organisations* Zahirul Hoque, Tarek Rana, 2019-10-08 In recent years nonprofit and voluntary organisations have faced challenges and unanticipated pressures as a result of increased competition for funding, technological advancements, the need to comply with government regulations and increased social and community expectations regarding greater accountability and transparency. Cost accounting and cost management tools are considered to be a means of providing adequate and quality information for management control for all sorts of organisations including nonprofits. Using empirical evidence from the Australian nonprofit sector, this research monograph offers insight into how nonprofit and voluntary organisations control and manage the costs of their operations and projects through cost accounting and cost management tools. The book will be of benefit to a range of stakeholders in the sector including financial and management accountants, professional accounting bodies, the government, policymakers, academics, consultants and operational managers.

The Sustainability Debate Martina Topić, George Lodorfoss, 2021-03-25 This book goes beyond environmental protection and looks at sustainability by predominantly focusing on human and social sustainability and this focus is carried into sections of the book that discuss sustainable policies, media and gender. The book takes an academic and practitioner approach.
