Fans and Fandom Holly Swinyard, 2024-06-30 Do you have a Google alert for your favourite band going on tour Or maybe you have a pull list at your local comicbook shop Or perhaps you've got a season ticket to your sports team of choice That would make you a fan whether you realise it or not and there's a lot more to fan culture than you might think In the 21st century pop culture is everywhere you can't move for a new superhero film or major franchise appearing in our lives and we love it We're just jumping into the media landscape headfirst in order to get more of our favs track down spoilers and deep dive about plot lines on social media It's hard to deny fan culture as part of the world now there's a fandom for everyone but what does that actually mean and where did it come from From ancient times to modern media humans have shared their love for the stories that mean something to them and brought in others to be fans of them too We've written ourselves in made art of and celebrated with others who love the same things as us all in the name of being a fan even before the word fan existed There's a whole lot of who where what when why how and huh to look into when it comes to fan culture From Shakespeare to Superman Dickens to Daleks and fanfiction to Frodo there is so much more to fandom than meets the eye And a whole lot of references to pack in too
