with many mini case studies woven throughout the text in order for you to more easily apply the information with your clients. The text is comprehensive and incorporates the impact of the global health status. We are a small planet with big health problems that impact each person's health and the role of the community health nurse now and in the future. As a nation we have a new and continuing health agenda through Healthy People 2010 that gives direction to our work. These new goals and objectives are incorporated throughout the text. Finally, the text format is designed to provide you with the comprehensive globally sensitive information and skills you need to be an effective practitioner with aggregates, groups, and individuals in the community.

Literature and the Child Bernice E. Cullinan, Lee Galda, 1998. With a slender design and appealing art, Cullinan and Galda present a thought-provoking discussion on how children can read to respond, read to learn, and read to enjoy. This text provides evaluation criteria for selecting superior children's books rather than listing thousands of titles and synopses. Booklists direct readers to quality literature, and extended discussions of selected titles demonstrate the selection criteria. Multicultural literature is discussed throughout the text, with a separate chapter on more specific multicultural issues. Numerous teaching ideas, many of which are contributed by classroom teachers, provide practical applications. This is a book for teachers stressing the use of good books in a literature-based curriculum.

Parents, 1998 *Current Index to Journals in Education*, 2000 **The Wall Street Journal**, 2004 **1994 Cornell International Law Journal Symposium**, 1994 **Chicago Tribune Index**, 2004 *Looking Forward* Bert Kruger Smith, 1983. Abstract. Suggestions and guidance related to recognizing the aging process as a positive experience are presented. The American population is getting older, and with that fact comes the realization that certain steps must be taken to ensure care for older people. Discussed are the universality of aging, a subjective view of aging, intergenerational family living, new concepts concerning work and retirement, abuse of the elderly, technological impacts on life styles, demographics, medical and social issues, quality of life for the elderly, and independent living. Legislation to protect the elderly and enactment of adequate social security or a national pension plan will ease some uncertainties associated with aging. The appendix contains a report from the 1981 White House Conference on Aging. References are included.

The New York Times Index, 2007 Dun & Bradstreet/Gale Group Industry Handbook: Entertainment and Hospitality Jennifer Zielinski, Gale Group, 2000. These volumes are compilations of data from select commonly found titles published by Gale in partnership with Dun, a compilation of business statistics from the federal government, performance indicators, financial norms and ratios, a directory of companies, rankings, recent mergers and acquisitions, associations, consultants, trade information sources, and trade show data, and a short

bibliography of articles from trade magazines Each volume has the usual fine set of Gale indexes There are SIC Standard Industry Classification to NAICS North American Industry Classification and NAICS to SIC conversion guides a geographic index and a master index The convenient organization by industry is certain to be appreciated by undergraduates yet libraries should be aware that most of this material is repackaged from other sources which include Million Dollar Directory Dun Bradstreet's Industry Norms and Key Business Ratios and Gale's excellent Encyclopedia of Associations Consultants and Consulting Organizations Directory Encyclopedia of Business Information Sources and Trade Shows Worldwide The new volumes are well documented clearly citing the source for the original data and for the government statistics presented in Chapter 2 The merger and acquisition information is easy to read but not as complete as in Moody's manuals and the industry overview is not quite as detailed as the Standard Poor's Industry Surveys but the introductory matter is more clearly written than in most business references Libraries that own all or most of the titles listed here will find that this set duplicates and does not supersede the originals Yet an undergraduate library with a small business collection will find these titles a good buy and two year colleges high schools and small or medium sized public libraries can use them to build up their business collections relatively inexpensively Library Journal
